

BRITISH ARE HOLDING HUN EVERYWHERE

Enemy Has Not Reached Single Objective, According to One of Its Captured Maps.

A TANK COUNTER ATTACK

Hindenburg's First Thrust is Apparently Checked With a Few Small Gains.

SITUATION QUIETING DOWN

At Least 19 Enemy Divisions, Probably 285,000 Men, Have Been Identified in Drive.

(By United Press.)

With the British Armies in France—March 22.—British troops are holding the Germans everywhere and driving them back in places, the latest reports indicate.

The enemy has not reached a single one of its objectives, according to a captured map.

British counter attacks with tanks at 7 last night threw the Germans out of Dougnies, which the British still occupied this morning.

New British artillery operated in the open under the densest German fire.

As this is cabled Hindenburg's first thrust, apparently is checked with small gains.

The situation has quieted down, at least momentarily.

At least 19 divisions, probably 285,000 men, have been identified. The weather, foggy throughout yesterday, was the same today, handicapping airmen.

May Mean War on Bulgaria.

Washington, March 22.—Berlin reports today that Bulgars are now fighting on the west front aroused immediate speculation as to the probability of the United States declaring war against Bulgaria.

Government authorities said a decision would await further facts as to the extent of Bulgaria's participation and whether they are facing mostly British or also Americans.

If the Bulgars participate in the west drive to such an extent as to insure their operation against Americans, a declaration of war is inevitable.

Penetrate Second Line

With the American Army in France, March 22.—American troops at dawn Thursday went over the top in a wooded sector for a second time within 24 hours.

They entered the German second line trenches. They were accompanied by French units. They found no troops and returned to their line within 25 minutes after cleaning out the German trenches.

The Americans who participated have withstood the hardest artillery bombardment of any American troops on the west front.

Volunteers were called for and even cooks and teamsters had to be allowed to go.

They swept forward behind a barrage, passing the first line of German trenches which were shattered.

A heavy counter barrage (German) including gas, followed the raiders return. Their machine guns whipped the American line. A counter attack was planned but it was stopped by our artillery and machine gun fire.

British Meet Advancing Wave

With the British Armies in France March 22.—British troops with their customary coolness meet the German advancing wave at the start of the big German drive.

Hand to hand fighting was fre-

MORE CLOTHING NEEDED

County Must Give More Worn Garment to War Sufferers.

Many more worn garments are needed by the Rush county chapter of Red Cross before the amount expected from the local chapter can be sent in. The clothes of all kinds are being received at the recorder's office in the court house and any one not having a way to take them there may call the office and a Boy Scout will call for them. Practical garments that may be worn and yet are in sufficiently good condition to merit their being sent across are being asked for. Boy Scouts will meet at the recorder's office at 9 a. m. tomorrow.

CITY MAY OBJECT TO PARKING PLAN

Doubtful Whether Council Would Consent to Commissioners Scheme to Take Care of Machines

PARK AROUND COURT HOUSE

Plan to Build Incline at Curb Revealed When County Council Appropriates \$200

The plan of the county commissioners to arrange for parking of automobiles on the sidewalk around the court house, which was revealed late yesterday afternoon when the county council appropriated \$200 to do the work, may meet with some objections as there is some doubt about the city council consenting to the scheme.

The plan is said to have originated with the commissioners and the county surveyor, Frank Catt, who propose to build an incline starting two feet from the base of the curb, to the top of the curb, so that machines could be parked at right angles, with the wheels of a machine of average length resting at the foot of the incline. It is also proposed to mark a white line on the sidewalk six feet from the court house yard grass line, beyond which no machine could stick its nose.

City authorities were consulted this morning and it was stated that the plan would probably meet with opposition from the council, although this is not definitely known since the council has never considered the matter. It was pointed out that the county has no jurisdiction beyond the sidewalk curb line and that to build the kind of an incline the commissioners propose, would amount to placing a permanent obstruction in the street.

One city authority declared that the state law would not permit any permanent obstruction to be built in the street, and that it was doubtful whether it would be legal even if the city council were to give the permission. This same authority was not certain whether it would be permissible to build board inclines so machines could be driven in to the sidewalk for parking. If this were done, water could flow in the gutters underneath the board inclines.

The commissioners scheme is not to allow parking in front of the north and west entrances of the court house and at the four corners.

Six thousand dollars was also appropriated by the council for the primary registration and election in addition to other appropriations made at yesterday's session. Including the \$125 appropriated for war histories to be sent to the Rush county soldiers and the \$9,200 for four bridges, the total amount appropriated at the meeting was \$15,525.

A son has been born to the wife of D. M. Trabue of Knightstown. The baby has been named Samuel W.

Mrs. D. P. Ray who resides north of Falmouth is seriously ill.

NEXT INCREMENT LEAVES MARCH 30

Quota of Eleven Selectives Will Depart at 7:10 A. M. Over Pennsylvania as Before

TROOP MOVEMENT MARCH 29

Union and Fayette County Registrants to be Transferred Here—Special Going Through

Rush county's next increment of selectives will leave Rushville for Camp Taylor, Ky., Saturday morning, March 30, at 7:10 over the Pennsylvania, in all probability, although the army selection board had no official notice yet this afternoon to that effect.

An Indianapolis newspaper last night, giving the time and place of entrainment of the March 29 quota, gave this time for the Rush county increment. It is presumed that this is correct. Rush county will send eleven men, all of whom have been instructed to hold themselves in readiness for the movement between March 29 and April 3.

It also developed today that there will be an extensive troop movement to Camp Taylor through here Friday, March 29, similar to those last fall when troops were sent to Camp Taylor for training. The word was received by local railroad agents.

There will be a special train carrying 196 registrants arriving here over the L. E. & W. at 3:30 p. m. a week from Friday and leaving at 3:35. It will carry men from Auburn, Fort Wayne and all points between here and those two cities. The train will be transferred to the Big Four here and at Greensburg more men arriving from Covington, Ind., and points west of Indianapolis on the P. E. division will board the train, making a total of 241 who will be aboard when the train leaves Greensburg.

The same plan will be followed this time as before when Liberty

NEW ARGUMENT IN PROHIBITION SUIT

Several Points of Law Raised in Suit Brought by 800 Lake County Saloon Men

RECORD COMPILED MONDAY

(By United Press.)

Indianapolis, Ind., March 22.—A new point of law which will have an important bearing on the settlement of the constitutionality of the Indiana prohibition law will be raised in a suit which 800 Lake county saloon keepers will file in a Lake superior court Monday.

This statement was made today by W. J. McAlleer, Hammond, Indiana attorney here. McAlleer refused to reveal what this point of law was.

The records will be completed in the Lake court Monday and the case brought before the supreme court here Tuesday. An intervening petition in the Evansville case contesting the constitutionality of the law will be filed, he stated, asking that the two suits be consolidated and argued April 2.

While here, McAlleer conferred with Attorney General Stansbury.

RAISE PAY POSTAL WORKERS

(By United Press.)

Washington, March 22.—The house this afternoon voted for a permanent increase in the salaries of all postal employees ranging from 5 to 25 percent.

Mrs. Fred Knotts and Mrs. Alfred Collier of Falmouth were business visitors in this city today.

ORGANIZES CLUB AT WEBB SCHOOL

Farmers Appealed to by Judge Sparks to Do Their Part in Defeating Autocracy

JOHN O. HILL PRESIDENT

Seventeen Families Are Charter Members—Purdue Speakers Will Appear on Program

The organization of a farmers club in the Webb neighborhood was completed, a constitution drawn up and by laws adopted at a meeting which was held in the new school building there last night. Seventeen families were present at the initial meeting and became the charter members of the organization.

Judge Will M. Sparks attended the meeting and in an interesting address on "Why We are in the War," pictured vividly the hardships which the rule of autocracy has brought to the world and pleaded with the farmers to do their share in assisting the victory of democracy by producing food for the men who are fighting our battles in foreign lands.

John O. Hill was named president of the organization, which will meet every week. The meetings are expected to be of special interest during the next two months when the crops are being started and during that time, Marion Detrick who assisted in the organization of the club, is planning to engage several expert crop men, sent out by Purdue university, to address the meetings.

Each family becoming members of the club pays a membership fee of 50 cents which will be used to assist in defraying the current expenses. That the farmers in that vicinity of the county have succeeded in supplying themselves with the necessary amount of seed corn was made certain when the report of the seed corn conditions as they exist there showed that every farmer had purchased all of the corn he needed for this year's crop.

POSEY TOWNSHIP IS ALL SET FOR DRIVES

Heads for War Activities Have Been Appointed by Township Committee There

ALL OTHERS ARE FORMING

Posey township is ready for the coming war drives. The township war organization of that township met recently and chose Jacob T. Downey to head any Liberty Loan work in the township; Mrs. Ruth Eaton to head any women's Liberty Loan work; Elmer Hutchinson to lead in the Y. M. C. A. war fund drives; and Sabert Offutt to work at the head of the Red Cross war fund drive. Members of the township committee are Jacob F. Downey, Elmer Hutchinson and Mrs. Fred Inlow. The Rev. J. L. Brown was chosen as a member of the Home Service Red Cross committee which is to have a member in each township in the county.

Ripley township has completed the organization and other committees are meeting to make their appointments in order that the county war work machine may be in readiness for the coming drive.

COMMANDS CASUAL TROOPS

Lieut. Donald Stackhouse of Indianapolis, who is well known in this city, has been named commanding officer of the Casual troops stationed at the Springfield Armory, at Springfield, Mass. Lieut. Stackhouse has been in the east since February when he was sent to the armory to take a training course.

FILES SUIT AGAINST FATHER

Irvin Cross Demands Accounting And Appointment of Receiver

Irvin Cross has filed suit in circuit court against his father, William Cross, for an accounting and the appointment of a receiver. The plaintiff alleges that he and his father formed a partnership in August, 1914 to drill and clean wells and invested money in an outfit, which is now worth about \$900. He charges that receipts from their work have amounted to \$1,537.75 and that his father has kept all the money with the exception of \$60. The son alleges he did most of the work. Chauncey Duncan is attorney for the plaintiff.

TROOPS SCRAMBLE FOR BOOKS TO READ

Rush County Offered Opportunity This Week to Send Reading Material "Over There"

SOLDIER SENDS AN APPEAL

Under Mental Strain Before or After Battle Men Crave Something to Divert Minds.

Do the men in the service actually want the books that are being asked for this week all over the country? The question is easily answered in the following letter appearing in a recent issue of the Publisher's Weekly in which one soldier tells of what one book meant to one camp.

Rush county citizens are given his week an opportunity to remedy his condition when the soldiers are ungering for reading material. Boy Scouts are canvassing the city to collect books for soldiers and in case the books should not be ready at that time or the boys should not find a person home the books may be taken to the public library or a call left there (the phone number is 1996) and someone will call for the books.

Of course, the Sammies will welcome most any kind of a book but since the library commission is collecting them and going to the expense of shipping them, the suggestion has been made that persons give the books which boys are most interested in—books of adventure and worth while editions which will be worth their reading.

The letter referred to follows: "May I add a word to help clear up any clouds of doubt that may be in the minds of any book-men as to whether the boys in the trenches need books? They do. I've been here with the American Field Ambulance Service.

There is no greater mental strain that a man can be compelled to endure than to sit, unable to exert the body, in constant danger of violent death or horrible injury. Donald Hankey makes this theme very clear in the second series of his "Student in Arms."

For several weeks no reading matter could be located in the section to which I was attached. Once in a while, some body would bring in a scrap of a French magazine and we were so famished for reading matter that we actually imagined we enjoyed the stories therein contained.

Finally, one of the boys received a copy of O. Henry's "Options" in a package from home and an hour of insane jubilation ensued. The book was seized by indelicate hands and torn into segments, each part representing a story. The pages of each story were pinned together. The original owner of the volume was selected to serve as Section Librarian. We pored over those stories until the printing actually wore off the pages. When "The Head Hunter" came to me for the seventeenth

Continued on Page 5

EASTER MORN TIME TO MOVE UP CLOCK

Hands Should be Set Forward an Hour as Provided in Daylight Saving Law.

WILL BE IN FORCE 7 MONTHS

Purpose is to Provide Another Hour of Daylight After the Day's Work is Done.

The new daylight saving law, which goes into effect Sunday, March 31, at 2 a. m., means that every person should move forward the hands of their clock an hour. It does not mean, however, that every person must of necessity arise at two o'clock Easter morning and move the clock up an hour. This operation may be performed before Easter or Easter morning on arising.

The new time schedule will be in effect for seven months and at 2 a. m. Thursday, October 31, all clocks will be moved back an hour, when the hour lost the last day of this month will be made up. The law was passed by congress and will be in full force and effect all over the United States.

The daylight saving law is a war measure. It is intended to arrange business hours so that the public will have another daylight hour in the evening for gardening or other work of this character.

Nothing could be more simple than the carrying out of this idea although it was shown by the debates in the house and senate that much misunderstanding existed as to what the government expects. When bedtime comes the night of March 30 owners of clocks and watches will simply move the hands forward one hour. If this operation takes place at 11 in the evening the clock should be set at 12. And, of course, this means that the whole family must arise in the morning by the new time, losing thereby one hour's sleep unless this is made up by retiring an hour ahead of the usual bedtime or getting up an hour later.

All business of whatever character, on the morning of March 31, will begin on the new time basis. It will begin at the same hour as before, so far as the reading of the clock is concerned, but actually it will begin one hour earlier so far as the sunrise and daylight are concerned. And that is the whole purpose of the legislation. It is designed to wake the country up an hour earlier each day, in order to give the American people the opportunity to live a little longer in the daylight. The gain in this direction, of course, is at the end of the day, and not at the beginning.

Assuming that average closing of the country's business at present is 5:30 in the afternoon, and that the average sunset during the spring and summer is 6 o'clock. The new schedule of things will give everybody an additional hour of sunshine each day. Business will close actually at 4:30 in the afternoon as far as the sun is concerned, and instead of a half-hour margin of sunshine the American people will be able to enjoy an average margin of an hour and a half, after leaving their shops, stores and offices.

For the time being the daylight saving scheme is to remain in effect for only seven months each year. At 2 o'clock in the morning of the last Sunday in October, the hands of the clock are to be moved back one hour.

There is only one objection to extending the plan to the winter season. This objection lies in the fact that it would compel a great many working people to get up before daylight in the morning. Many trades for example being their day at 7 o'clock. At present it is broad daylight almost everywhere in the

MIRIAM COMPTON IS BURNED TO DEATH

Five-Year-Old Neice of Mr. and Mrs.
David Compton of This City
Loses Life in Fire

HER MOTHER SERIOUSLY HURT

Miriam Compton, the little five-year-old neice of Mr. and Mrs. David Compton of this city, was burnt to death and her mother, Mrs. Harry Compton, in a critical condition as the result of burns received yesterday when their home near Edinburg, in Johnson county was swept by flames.

Aside from the fact that Harry Compton was not at home when the fire occurred and that the other members of the family, three boys and a girl were in school, none of the particulars was learned by David Compton who went to Edinburg last night.

Mr. and Mrs. Harry Compton and family had just moved into their new home a short time ago, their former home having been destroyed by fire a year ago. Mrs. D. C. Compton and daughter Lavina Compton went to Edinburg this morning.

NEXT INCREMENT LEAVES MARCH 30

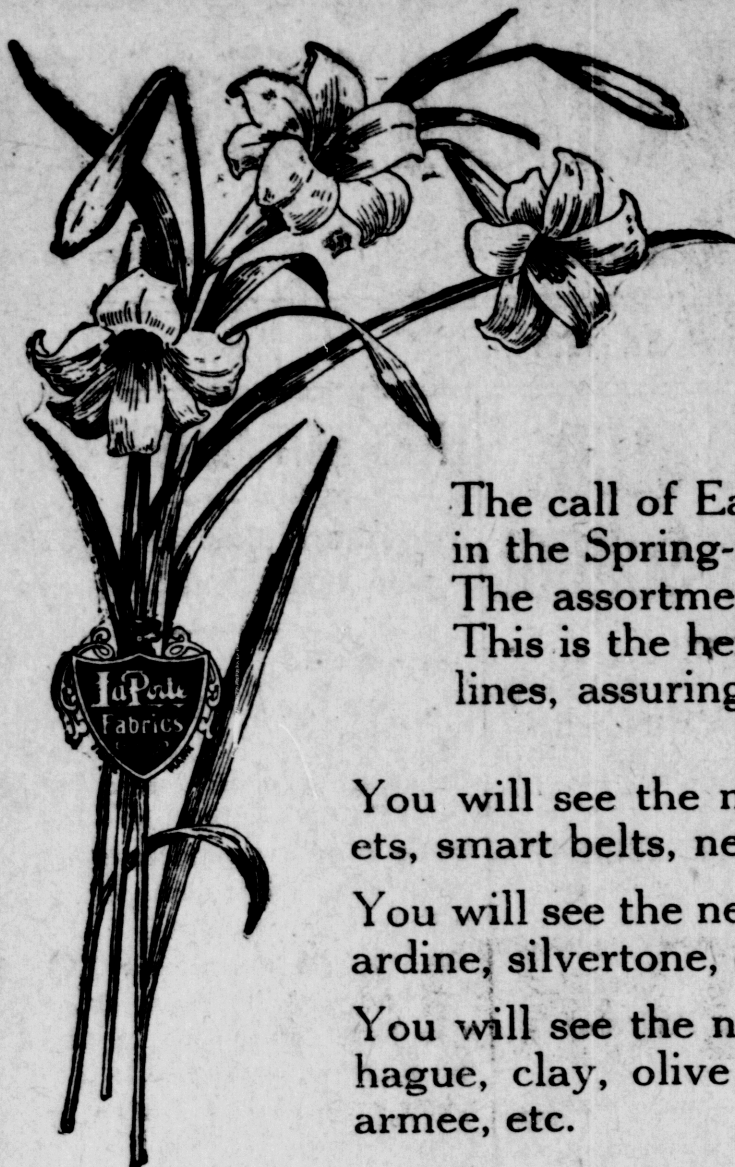

Continued From Page 1

and Connersville registrants were transferred here, only that they will travel on regular trains. Twenty-nine Union and Fayette county selectives will arrive over the C. I. & W. at 10:51 a. m. March 29, and go on to Camp Taylor on the regular Big Four train due here at 12:15 p. m. This train will carry also men from Elkhart, Goshen and other points north on the Big Four. Arrangements have been made for the Liberty and Connersville selectives to eat dinner here at the Cozy cafe. This train will carry 216 men out of Greensburg.

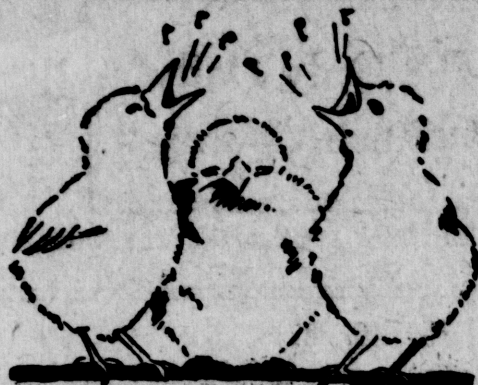

The local board today called attention to the fact that no farmers will be taken on the April 3-call, which is contrary to the announcement yesterday. The statement received by the board yesterday announcing the quota for that call made no mention of excluding farmers and it was presumed they would not be, but the board had been instructed previously that the same rule regarding farmers would apply as in the call of March 29.

DEATH TOLL ON MANLEY 16 (By United Press.)

Washington, Mar. 22.—The death toll on the United States destroyer Manley was raised to a total of 16 this afternoon when 12 additional deaths were reported to the navy department.

Choose your new Easter Coat or Suit now while stocks are at their best

The call of Easter is the call for new clothes. Where is the woman who doesn't heed this call in the Spring-time?

The assortment of new Spring coats and suits are at their best in this store right now.

This is the height of the season and if you would choose your Spring outfit from complete lines, assuring yourself of the best choice, come in today.

You will see the newest fashion touches — the clever pockets, smart belts, new collars, clever trimming.

You will see the new fabrics—tricotine, velour de laine, gabardine, silvertone, etc.

You will see the new colors—Sammy, trench, poilu, buftan, hague, clay, olive sage, infantry, Yankee, mist gray, zouave, armee, etc.

We know you will be pleased with the indisputable goodness of the garments, and you will be even better pleased with the moderate prices.

CALLED BY MOTHER'S DEATH

Mrs. M. A. Kendall of Glenwood Goes to Shelby, Ohio.

Mrs. M. A. Kendall of Glenwood was called to Shelby, Ohio, by the death of her mother, Mrs. John F. White which occurred Wednesday night. The deceased is survived by her husband, nine children and twenty-eight grandchildren; one sister and three brother also survive. Prof. John L. Shanck of this county was a brother of Mrs. White. The funeral services will be conducted tomorrow at the Shiloh, Ohio, cemetery.

LOCAL TEACHERS AT MEET

Miss Marjorie Smith Will Discuss English Work in Grades

Superintendent J. H. Scholl, Prof. S. F. Stewart, Miss Marjorie Smith and Miss Beryl Barber will attend the sixth district meeting of school teachers being held in Richmond tomorrow. Prof. Stewart has gone for the opening session this evening, and the others will go in the morning. Miss Marjorie Smith will appear on the program tomorrow and give a talk on English work in the grades.

NEW CASE OF DIPHTHERIA.

Satherine Cauley, daughter of Mr. and Mrs. Tom Cauley, has diphtheria. The little eight-year-old girl has been sick for several days, and when the culture of her throat was returned today it showed she had diphtheria. By taking cultures of the throats of children in the Jackson school, where Marcia Black attended several weeks before she took sick, a few of the children were found to be carriers. None has developed the disease but they are being kept out of school.

SHOES SACRIFICED

The Boston Shoe Co., of Philadelphia has purchased the remaining stock of shoes of Winship and Denning, including all fixtures and book accounts. This stock will be sold in Rushville at special sale beginning

SATURDAY, MARCH 23

COMMENCING AT 9 A. M.

The original cost of these shoes will not be taken into consideration in our attempt to move this remaining stock — it will be almost a matter of first come, first served at your own price.

WAR AND WOMEN

We hear much these days of what the women are doing on the battle-line. How few American women are strong enough to go to the front and endure the hardships of the men!

Help is offered, and is freely given to every nervous, delicate woman, by Dr. Pierce's Favorite Prescription. Remember ingredients on label. No alcohol. In tablet or liquid form. All druggists. Tablets sell for 60 cents.

In "female complaint," irregularity, or weakness, and in every exhausted condition of the female system, the "Prescription" seldom fails to benefit or cure. Pains, internal inflammation and ulceration, weak back, and kindred ailments are cured by it, ask your neighbor. It's a marvelous remedy for nervous and general debility, insomnia, or sleeplessness.

Write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., for confidential advice and you will receive the medical attention of a specialist, wholly without fee—no charge whatever. Send 10c for trial pkg. "Favorite Prescription Tablets."

LAFORTE, IND.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that the critical time would go hard with me, but one bottle of Favorite Prescription completely removed my pains and the change came on so easily that I was scarcely conscious of it. It is fifteen years since I took the 'Prescription' and I am just as strong and well as can be and have never had the least sign of weakness since.—Mrs. S. J. BAKER, 916 Scott St.

A quarter for a War Thrift Stamp, and no quarter for the Huns, will speed the winning of the war.

Dollars or Bushels

By Roger W. Babson.

Secretary Houston, of the Department of Agriculture, has called my attention to how we all are fooling ourselves today. The newspapers are boasting that the corn crop is the greatest in history, when in bushels it is less than in 1915. The South think they are rolling in wealth, when in bales its cotton crop is less than in 1915. Paper prices are no good. It's more bushels and bales that we need in order to reduce the cost of living.

Some people pretend that our national debt is small by comparing it to the crops. "What is \$20,000,000," they say, "why, that is less than the value of one single crop of the farms of America!" This is true but we eat up most of these crops in a year, while the debt remains with us—\$200 for every man, woman, and child in the United States.

As the farmers are fooling them selves by thinking of prices and dollars instead of bushels and bales so industry is fooling itself by looking to profits and wages instead of production and saving.

The ending of this war and our future prosperity after the war depends upon producing more and wasting less. Only in this way can Kaiser Bill be put out of business and will the workers of America come to their own.

A New Conservation Request

We have all been asked to conserve in all manner of ways and all sorts of things, but Dr. H. E. Barnard, state food administrator, has a new request. He is backed by the federal food administration and the commercial economy board.

It's ice that we are supposed to use as little of as possible because the manufacture of ice requires ammonia and ammonia is necessary in the war. Therefore the conservation of ice is a direct means toward helping win the war.

A ton of ice saved means a pound of ammonia saved according to food administration figures. A pound of ammonia saved means that twenty more hand grenades can be manufactured. Twenty hand grenades may win a battle.

Ammonia may be conserved in two ways. It may be conserved by cutting down the use of ice and it may be conserved by stopping the leaks in refrigerating machines. Many concerns, including cold storage plants, ice cream factories, meat markets, creameries and dairies, hotels and restaurants, candy manufacturers and bakers use refrigerating machines. The food administration declared that as all leakage is stopped in these places the saving of thousands of pounds of ammonia will result and this saving multiplied by twenty will be the number of hand grenades that can be made as a result of this saving.

The ice manufacturer and the munition manufacturer are competitors in purchases of ammonia. The less ice the ultimate consumer uses and the less ammonia the operator of a refrigerating machine uses the more there will be for the manufacture of munitions.

Lots of John Smiths

The new casualty lists from France will henceforth be published without the home address of the men killed or wounded, because, it is said, the details might be of value to the enemy. We can hardly see why. There are probably a thousand John Smiths in the army—and of course, if that name should appear in a casualty list, the Germans might think that the entire thousand had been killed. To that extent, the situation might prove confusing to the enemy. But the fact that only one John Smith is killed and he the one hailing from Raleigh, North Carolina, can hardly be of great military value. The chief result of the new order of things is that all the families of all the John Smiths will be thrown into grief until they learn which one of the thousand it is who has given up his life for his country.

It is to be hoped those misguided statesmen who endeavored to drag partisan politics into the war plans, have heard "from home" and that in no uncertain tone. If ever there was a time when "politics" should be a forgotten word with us, that time is with us now.

With The Churches

—The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

—The Rev. John Woods will preach at the Franklin Methodist church Sunday afternoon at 2:30 and the Rev. J. L. Brown will assist him in the services.

—At the Manilla M. E. church Sunday Bible school will be held at 9:30 a. m. and revival services will continue at 10:30 a. m. and 7 p. m. The meetings are meeting with success and will continue for some time yet.

—At St. Mary's Catholic church the services will be conducted by the Rev. M. W. Lyons, pastor. Masses at eight and ten o'clock in the morning with the blessing of the palms before the ten o'clock service. Evening service at 7:30 with sermon by the pastor.

—Sunday services at the United Presbyterian church for Sunday are: Bible school at 9:30 a. m.; preaching service at 10:45 a. m.; Young People's meeting at 6 o'clock and evening preaching service at 7 o'clock, subject of sermon, "The Great Invitation."

—The Rev. J. L. Brown will preach at the Arlington M. E. church Sunday both morning and evening, in the absence of the pastor, the Rev. F. M. Westhafer, who is holding a revival at Manilla. Bible school and Epworth League will be held at the usual hours.

—Services at the First Presbyterian church for Palm Sunday are: 7 a. m., Quiet Hour, 9:30 a. m., Bible school; 10:30, Divine worship, sermon, "The Royal Christ"; 7 p. m., evening worship, with sermon on, "A Loving Invitation." Special music at both services. Thursday evening prayer meeting at the home of Judge and Mrs. John D. Megee in North Harrison street.

—First Baptist church Sunday services: Sunday school, 9:30; Divine worship at 10:45, a. m. and 7 p. m.; subject for the morning sermon, "Why Couldn't We do For the Church in Times of Peace What We are Compelled to do For Our Country in Times of War?" theme for the evening sermon, "Things Not to be Ashamed Of." Baptist Young People's Union will meet at six o'clock. There will be services in the church the next week. The pastor will preach each evening and the general public is invited.

—At the Main street Christian church, the Bible school will convene promptly at 9:15. At 10:30 the pastor will speak on, "Burden Bearing," and at 7 p. m., "Playing the Part of Pilate." Each evening next week except Saturday at 7:30 there will be a special service of praise and prayer followed by a short sermon by the pastor. Special music at each of the above services with orchestra and chorus choir at the Sunday evening service.

A hearty welcome is extended to any of all of these meetings.

What has become of the old-time doctor who advised the "eatless" cure for indigestion.

Rasping Coughs eased with Dr. King's NEW Discovery for Coughs & Colds

That wrenching, torturous tearing at the throat and lungs give away to ease and comfort through the prompt use of Dr. King's Discovery—the standard cough and cold remedy for 50 years. Keep it on hand and use freely. It goes right to the root of a cold—brings up the phlegm and eases the raw, feverish membranes. Containing balsams, it cools and soothes the sore parts. Just the thing for baby's croup. The kiddie likes it. Your druggist sells it.

Dizzy? Bileous? Constipated? Dr. King's new Life Pills cause a healthy flow of bile and ride your Stomach and Bowels of waste and fermenting body poisons. They are a Tonic to your Stomach and Liver and tone the general system. First dose relieves. Get a bottle today. all druggists.

Mr. Robert Williams, Galesburg, Mo. December 27th, 1917.

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counters can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.

Food From Your Back Yard

No. 3

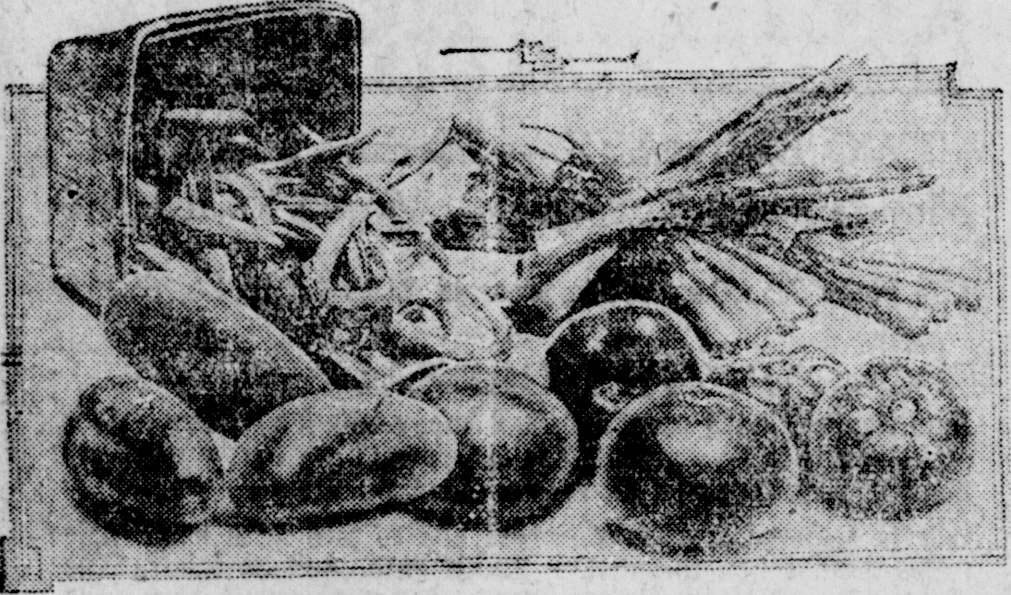

ORDER HOME GARDEN SEED EARLY
HOW TO FIND AMOUNTS NEEDED

BE A "HOME GUARDENER"
The home gardens of America are the home guards in food production.
The "home guardener" of this year—our second in the war—is forewarned and thus forearmed.
The "home guardener" before he arms himself with his hoe, must fortify himself with knowledge.
Every peck of vegetables produced for home use this year from ground that never before grew food will mean a certain quantity of meat or wheat released for use behind our battle lines.
Join the "home guardeners."

Get the seed for your home garden early. This is an important step in the home gardener's effort to supply fresh vegetables for his table and for canning and to help relieve the of food.

Seed should be ordered well in advance of the time for planting in the open, so that it will be ready for planting in flats or frames and also for use outdoors as soon as the weather and the condition of the soil make it possible. Before ordering seed the home gardener should decide what vegetables he wants to raise and also should look over his garden plot or plan and decide the best location for each vegetable, determining how much seed will be required for the space available for each variety. A well-laid garden plan, the preparation of which was described in an earlier article in this series, will be a great aid in determining the amount and varieties of seed that will be needed.

When You Choose Your Seed, Think of What It Will Bring. Have in Your Mind a Picture of the Product.

Garden Space Valuable
Just what vegetables are to be grown depends, of course, upon the individual tastes of the family. In general, the aim of the home gardener should be to raise vegetables in which freshness, is an important quality. Peas, string beans, Lima beans, asparagus, and sweet corn, for example, lose much if they are not cooked almost immediately after they are picked. In the case of potatoes, corn, cucumbers, squashes, and melons, it should be remembered that these vegetables occupy a large area in proportion to their yield and in a small garden consume valuable space which, in most cases, could be used more profitably. In the case of potatoes, however, it also should be noted that they are easily stored and are an extremely good staple crop, and many gardeners will find it to an advantage to plant as much ground to potatoes as possible after sufficient space has been allotted to the other garden crops.

Find Amount of Seed Needed
Aim to make every seed count. Remember the supply of some of the more important varieties of garden seed is limited, and in order that all may obtain enough to meet their

needs, everyone should cooperate to make what is used produce a maximum crop.

Following are the approximate quantities of seed that should be purchased for a garden which is to supply vegetables for successive plantings throughout the season for a family of four.

Beans, snap	1 to 2 quarts
Beans, pole, Lima	1 pint
Beans, bush, Lima	1 pint
Beet	4 ounces
Cabbage (early)	1 packet
Cabbage (late)	1 ounce
Carrot	1 ounce
Cauliflower	1 packet
Celery	1 to 2 packets
Corn, sweet	1 ounce
Cucumber	1 packet
Egg Plant	1 packet
Kale or Swiss Chard	2 ounces
Lettuce	1 ounce
Muskmelon	1 ounce
Onion sets	4 to 6 quarts
Parsley	1 packet
Parsnips	1 ounce
Peas, garden	2 to 4 quarts
Radish	1 ounce
Salsify	1 ounce
Spinach	1 lb. in spring and 1 lb. in fall
Squash (summer)	1 ounce
Squash (Hubbard)	1 ounce
Tomatoes, early	1 packet
Tomatoes, late	1 ounce
Turnips	2 to 3 ounces
Watermelon	2 ounces

If a gardener should desire to plant all of the vegetables mentioned it is calculated by garden specialists of the U. S. Department of Agriculture that enough space could be found for them in one-fourth of an acre. However, it is advised that the gardener, unless he has had one of more years' experience, center his work on as few as 6 of the more

important vegetables. For most of the vegetables listed in the plantings may consist of the entire quantities mentioned. Relatively small quantities of cauliflower, eggplant, and parsley should be sufficient for most families. The entire supply of string beans, bush Lima beans, sweet corn, lettuce, peas, and radishes should not be planted at one time, but successive plantings two or three weeks apart should be made so that a fresh supply of vegetables may be had throughout the season.

Of early Irish potatoes 1 peck to 2 bushel will be required, and of late potatoes 1 to 1 bushel or more, depending upon the amount of ground available for this purpose. If abundant space is available it may be well to grow enough Irish potatoes to last throughout the winter.

Seed for Canning Vegetables
If the family wishes to raise vegetables to supply current needs and also to furnish a surplus for canning, the amounts given above should be considerably increased.

With a little forethought a comparatively small tract of land may be made to supply the average family with fresh vegetables throughout the growing season.

Amusements

At the Gem
Convinced that at last they have destroyed Lost Mine and slain its owners, a band of desperate outlaws employed by an agent of the Central Powers, swoops down on the little mining towns, loots the bank and stores and starts to burn the place before fleeing to safety across the Mexican line. This is the situation presented in the episode of the "Fighting Trail," at the Gem theatre this evening. Tomorrow's program includes Bessie Eyton in "Between Man and Beast," the life and death lure of Africa's wilds, "Our Boys," a two act comedy and "Tough Luck."

Rushville Evidence For Rushville People

The Statements of Rushville Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof. Public statements of Rushville people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Rushville man's statement.

And it's for Rushville people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

Samuel A. Brown, 206 Pearl St., says: "I had a severe attack of backache and it became worse every day. Finally, the trouble was so bad I could hardly raise my foot about the ground. When I stooped, I thought my back would break. I used Doan's Kidney Pills and was surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

time the only thing I could be sure of was the title. But I didn't need to re-read it. I could have told that tale almost by rote.

Just to show you what we thought of books, Brentano's Paris store was the second place we visited on our first leave from the front—the first was a restaurant.

Donors of books if they wish may

write their name in the front of the book and name of any army camp to which they prefer their book might be sent.

RAY MARTIN IN FRANCE

Ray Martin, son of Mr. and Mrs. Henry Martin of Anderson township who enlisted several months ago in the mechanical department of the aviation, has arrived safely in France, according to a communication received by his parents.

Society

The home of Mr. and Mrs. Oliver Hudson near Raleigh was the scene of a very pleasant party Wednesday evening when Mrs. Hudson planned a surprise for Mr. Hudson. Following the card games, the guests were entertained with music and dancing. Light refreshments were served to the guests who were Mr. and Mrs. George Sweet, Mr. and Mrs. Charles Miller, Mr. and Mrs. Jake Myer, Mr. and Mrs. Oscar Gordon, Mr. and Mrs. Elza Lemons and daughter, Mr. and Mrs. Joe Schocke and daughter, Mr. and Mrs. Charles Molter and daughter, Mrs. Fanny Higley and son, Mrs. Ida Ray and son, Mrs. Zada Clark and son, the Misses Flossie and Zula Jackson, Guy and Hassel Sweet, Miss Hazel Mohler and Charles Shedd.

Seventeen members of the Immaculate Sodality of St. Mary's Catholic church held their regular meeting last night at the home of Miss Mary Moorman in West First street when the preparations for the Easter bazaar were continued. The next meeting will be held in two weeks at the home of Miss Mary Ellen Carroll in West First street, the meeting next week being postponed because of the Holy Week services which will be held at the church.

The members of the Thursday Afternoon Bridge Club enjoyed a pleasant meeting yesterday afternoon at the home of Mrs. Roy E. Harrold in North Perkins street when guests for two tables were entertained. Aside from the club members the guests were Mrs. Will Carter and Miss Mayme Hiner.

The next meeting will be held Thursday afternoon, April 4 with Mrs. Walter Hubbard at her home in West Second street.

Miss Hannah Morris entertained the members of Psi Iota Xi at her home in East Fifth street last evening. Following the short business session during which several matters of importance were brought up, the members spent the remainder of the evening in knitting. The hostess served a delicious "penny lunch," the proceeds from which will go to Red Cross. The next meeting will be with Miss Helen Seudder.

A pleasant afternoon was spent yesterday by the members of the Grand Club when Mrs. Frank Wilson entertained at her home in North Main street. Following the games of Bridge, the guests were served with a dainty luncheon at the dining table which was prettily centered with hyacinths. The next meeting of the club will be in two weeks.

The members of the Lotus club were pleasantly entertained at the country home of Mr. and Mrs. Virgil McBride Wednesday afternoon. A Riley program was given during the afternoon which was enjoyed by a host of members and guests. A paper on table etiquette was read by the hostess after which a discussion followed.

Mrs. Chester Cross was hostess to the members of the Cross Country Club at an all day meeting which was held yesterday when sewing for the Red Cross was done. The guests included Mrs. Earl Harton, Miss Bessie Morris, Miss Dora Winkler, Mrs. Raymond Gartin, Mrs. Oscar Newhouse, Mrs. Chase Cross, Mrs. Russell Morgan, Mrs. Clifford Brown, Miss Goldie Newhouse, Miss Essie Newhouse and Mrs. Harry McManus. A pitch-in dinner was served at noon.

A good attendance marked the meeting of the Lulline Council of the Pochantas last evening in the Red Men's Hall. Following the lodge work, dainty refreshments were served. Aside from the regular members there were several visitors at the meeting.

The members of the Kappa Kappa Kappa sorority will hold their regular semi-monthly meeting on Monday evening at the home of Mrs. Charles Wilson in North Main street.

Red Cross Notes

Twenty-one attended the Wednesday night meeting of the surgical dressing classes and completed a number of bandages.

BRITISH ARE HOLDING THE HUN EVERYWHERE

Continued From Page 1

quent. British forces occupied the strong points fought it out with knives and bayonets.

It looks as though Hindenburg had launched his offensive although the situation is vague. When fighting begins on such a wide front a few hours are required to watch developments.

The Germans hurled their storm troops against the British right flank following a brief bombardment on a 45-mile front. They came on in thick waves behind a smoke barrage.

British artillery and machine guns cut swaths in the enemy ranks. German preparation prior to the attack were stupendous and carried out with the utmost attempt at secrecy. However, Haig knew what was happening.

Increasing in Italy.

Rome, March 22.—Fighting has increased on the whole Italian front, the war office reported.

American aviation students in Italy will co-operate with Italians in aerial defense, it was announced today.

A number of American aviators are training in Italy for duty at the front.

Stopped Enemy, Haig Says

London, March 22.—"We have stopped the enemy in our battle position," Field Marshall Haig announced.

"Battle position," are the defenders directly behind the first line trenches. Haig's statement indicates that the German penetration has been limited.

French Repulse Raids

Paris, March 22.—Strong German raids over a wide area of the French front were repulsed, the French war office reported today. At one point the French drove the enemy from

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Flag Is Put In Quilt For "Over There"

Ladies of Methodist Church Complete Knitted Quilt Containing 102 Blocks to be Sent by Red Cross to Base Hospital—Many Knitters Aided in Making It.

Centered with a beautiful knitted American flag, the knitted quilt made up of squares of many colors has been completed by the ladies of the St. Paul's M. E. church and is now being exhibited in the window of the Wyatt furniture store on the bed of a suit of furniture made by the Rushville Furniture company. The quilt is to be given to Red Cross and sent overseas to be used on the bed of a soldier in the convalescent wards of the base hospitals. As one woman stated, "Who knows but that some of our Rush county boys may use this quilt and see the name of his home town embroidered on it?"

Made up of blocks six inches square and of every color in the rainbow, the quilt is twelve blocks long and nine blocks wide. Directly in the center an American flag, as large as six of the blocks, is placed and the 8,356 stitches that are in the flag bring out perfectly each star and each stripe. It was knitted by Mrs. N. W. Baker of Shelbyville and presented to the ladies by Mrs. John Horst of the same place. At each corner of the flag as if protecting it, is a square bearing in its center of white a red cross. Above the flag is a square on which is embroidered St. Paul's M. E. church and below is one bearing, "Rushville, Indiana."

The one hundred and two blocks in the quilt were knitted by the ladies of the church. Each block was edged with a border of black crochet and the quilt has bordered with a black and red edge by Mrs. Lon Havens and Mrs. Minnie Abercrombie.

A number of the blocks for the quilt came in late and all could not be used. They have been handed over to the girls of the high school who are making a similar quilt.

JUDGE CLAIMS ERROR IN JURY INDICTMENT

Anderson Charges That Evidence of Government Did Not Agree With Charge Made

ON TERRE HAUTE LAWYERS

Indianapolis, Ind., March 22.—Severely criticizing L. Ert Slack, United States district attorney, Judge Anderson in federal court today instructed the jury trying Charles Batt and Charles Whitlock, Terre Haute attorneys, on charges of perjury, to bring in a verdict of not guilty.

The judge made his ruling, he said, because of an error in the grand jury indictment, which made the situation such that the evidence of the government did not agree with the charge.

At one time the judge grew wrathful and accused the attorneys of threatening him when Slack stated that he would take acceptance of the judge's ruling and appeal the case to the supreme court of the United States.

the advanced position where they obtained a temporary foothold.

Take Trenches, Berlin Says.

Berlin, via London, March 22.—German troops stormed broad sectors from a point south of Arras southward to LaFere and "everywhere captured first line trenches," the war office announced.

Received Quietly in Berlin

Berlin, March 22.—News that the big battles had begun on the west front was received quietly here. Austrian Minister Steiner who is in Berlin, agreed that the Austrians will hold the east front.

Fighting On Italian Front

Rome, March 22.—Fighting has increased on the whole Italian front, the war office reported today.

Lotus Gartin underwent an operation yesterday when he had his tonsils and adenoids removed.

A Style Show

is here every day in the week. This store will have no formal opening, but its preparations to attire you becomingly are thorough and complete.

An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel conceits that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing?

Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of taffeta, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin—beautifully lustrous.

Enchanting are the new blouses, bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention, for they are extremely pretty. Combining the new shades of lobster, turquoise, corn, infantry, rose and Nile with angora collars, they are most appealing.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

TELL YOUR WIFE CORNS LIFT OFF

Doesn't hurt a bit to lift corns or calluses off with fingers

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-pestered men and women who have been cutting, filing and wearing torturous plasters. Yes! Corns lift off and calluses peel off as if by magic, says this Cincinnati authority.

A quarter ounce of freezone costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears; then shortly the corn or callus will be so loose that it lifts off. Freezone dries instantly. It doesn't eat out the corn or callus, but just shrivels it up so it lifts away without even irritating the surrounding skin. Women should keep it on the dresser and never let a corn or callus ache twice.

ACME WORM BOUNCER

THIS FEEDER FREE

No chore, no mixing—they feed themselves Acme Worm Bouncer.

O. W. Ricka, New Lisbon, Indiana, writes: "Pigs like Acme Pig Meal fine, did well on it, ship 4,000 pounds more."

Rushville, Ind., Aug. 18, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen: You will find enclosed check for the ACME WORM BOUNCER received for some time ago. I am well satisfied with it. My hogs have done good since I began feeding it. They passed lots of worms. Yours truly, PAUL GLISSON.

Rushville, Ind., May 15, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen—Enclosed find check for 300 pounds of ACME WORM BOUNCER. I have received more noticeable results from your Acme Worm Bouncer than any remedy I ever used. Sincerely yours, MCCOY CARR.

Rushville, Ind., Nov. 11, 1916. Acme Mfg. Co., Wheaton, Ill. Gentlemen—The ACME WORM BOUNCER that I have used has been very satisfactory. Enclosed find check in payment. You will send me another barrel. Ship to Rushville. Yours truly, H. W. BECKNER.

You cannot afford to feed worms which breed cholera when ACME WORM BOUNCER prevents those conditions for 64c per month.

Wm. Marsaw, Dysart, Iowa, writes Feb. 7th, 1918: "Ship me 500 pounds of ACME PIG MEAL. Balance is for my neighbors. I sold 90 shoats, farrowed latter part of April, 1917, which weighed December 20th, 1917, 250 pounds each, which were fed the ACME PIG MEAL. This shows what ACME PIG MEAL means."

W. E. Hanna, Harvey, Iowa, Breeder of Hampshire hogs, writes February, 1918: "Enclosed find check for 6000 pounds of ACME PIG MEAL. My 50 Fall pigs which had practically no corn, are the best in the country. I feed the ACME PIG MEAL to fattening hogs with excellent results."

the guaranteed worm expeller conditioner and tonic, so manufactured—the proportions being just right—it is fed in Self Feeders, furnished FREE, and the hogs and sheep feed themselves, EAT AS THE SYSTEM REQUIRES. The weak, unthrifty pigs get their share, eat what they need, PREVENTS RUNTS, which is not possible otherwise. 40 hogs eat 1 pound per day, 150 pounds feeds 50 hogs 4 months, at 64c per month each. We guarantee this it is worth more than 64c per month to you to expel the free intestinal worms, prevent worms, indigestion, constipation and 90 per cent of hog disease.

Geo. H. Simpson, Sole Owner and Maker of "The Acme Line," Wheaton, Ill.

Made on the Farm — Made by a Farmer

During the years Acme Worm Bouncer has been sold, I do not know of a single user who lost his hogs with Cholera, who fed Acme Worm Bouncer for 30 days and continued to feed it.

Rushville, Ind., Nov. 30, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen: Enclosed find check for 150 pounds of ACME WORM BOUNCER. Goods are very satisfactory. Yours truly, CLAUD GUFFIN.

Rushville, Ind., Jan. 3, 1918. Acme Mfg. Co., Wheaton, Ill. Dear Sir: Enclosed find check for 150 pounds of ACME WORM BOUNCER. Will say I like it very much. Very respectfully, WM. C. MORRIS.

Rushville, Ind., Dec. 19, 1916. Acme Mfg. Co., Wheaton, Ill. Gentlemen—Enclosed find draft for 150 pounds of ACME WORM BOUNCER. Please send me 150 pounds more. It is all right. J. E. CALDWELL.

Greensburg, Ind., Sept. 28, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen—I have obtained better results from ACME WORM BOUNCER than from any other hog remedy. Your agents will not have any trouble in selling to me. Yours truly, L. A. RUDOLPH.

Rushville, Ind., Dec. 2, 1916. Acme Mfg. Co., Wheaton, Ill. Gentlemen: Enclosed find draft for ACME WORM BOUNCER. I like the goods. Yours truly, JAMES ALSOP.

Carthage, Ind., May 16, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen—Your ACME WORM BOUNCER is all you claim it to be, and I like it fine. Find check enclosed. Yours truly, WM. GOODMAN.

Greensburg, Ind., Oct. 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen—I fed the ACME WORM BOUNCER to my hogs. Never had hogs do better. Send me 300 pounds more. Have not lost a hog since I commenced feeding it a year ago. Yours truly, W. DAVIS.

St. Paul, Ind., April 19, 1917. Acme Mfg. Co., Wheaton, Ill. Gentlemen—Enclosed find check for 150 pounds of ACME WORM BOUNCER. I have noticed a good many worms from my hogs and it has helped them in that respect. ALBERT PALMERSON.

FOR SALE BY

R. G. WELLMAN, - - Rushville, Indiana

EXECUTOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned, executor of the estate of Susan J. Bussell, deceased, by order of the Rush circuit court will sell at private sale at the law office of Young & Young, located in Rooms 3 and 4 in the Peoples National Bank building in the City of Rushville, Indiana, on Saturday, March 30th, 1918, at two o'clock p. m. of said day, the following described real estate situated at the corner of Fifth and Jackson streets, in the city of Rushville, Indiana, to-wit:

A certain lot or parcel of land in the west corner of a lot of four acres heretofore deeded by Leonidas Sexton and wife to W. A. Cullen, and being adjacent to the line of the J. M. & I railroad and more particularly described as follows: Beginning at a corner stone between said lot and the street laid out by W. A. Cullen as an extension of Promenade street, at the west end of said W. A. Cullen land; thence due south to the D. M. Stewart land, about 77 feet; thence east 62 feet to the J. M. & I. railroad; thence north 77 feet to the

intersection of Promenade street; thence west parallel with said street to the place of beginning. Also lot No. 8 in Norris Brothers addition to the town, now city, of Rushville, Indiana. TERMS OF SALE—One-half cash on day of sale and one-half in six months with 6% interest from date of sale with privilege of paying all cash, purchaser giving mortgage on said real estate securing same, and if said property is not sold on said date it will be continued from day to day until sold. GUY BUSSELL, Executor. Young & Young, Attorneys. Mar 5-8-12-15-19-22

CONSUMERS MAY BUY MORE FLOUR

Twenty-five Pounds Sold in City and Fifty Pounds to Rural Residents

GOES INTO EFFECT AT ONCE

Must Buy Same Amount of Substitutes, Including Whole Wheat and Graham Flours

Twenty-five pounds of flour may now be sold to consumers in cities and 50 pounds to country people since the new ruling has been made and that limiting the sale of flour to one pound per capita has been cancelled. The purchase of the same amount of substitutes at the same time the flour is purchased, however, is still required. Moreover, the purchaser from a retailer is not entitled to any credit for wheat flour substitutes bought elsewhere at any other time. The new rulings have been received here by Deputy Food administrator Charles A. Frazee and go into effect immediately.

Whole wheat and graham flours are subject to the same rules as other wheat flours except that in selling whole wheat or graham flour containing at least 95 per cent of the entire wheat, six-tenths of a pound of substitutes must be sold. Canned corn and canned hominy are not substitutes.

The wheat flour substitutes, considered as substitutes by the food administration are: barley meal, barley flour, buckwheat flour, corn grits, corn meal, corn flour, edible corn starch, fetera flour and meals, hominy, hominy grits, oat meal, oat flour, potato flour, rice, rice flour, rolled oats, sweet potato flour, soya bean flour and tapioca flour.

No further certification of wheat flour substitutes in the hands of consumers may be permitted except in special cases which must be passed upon individually by the county food administrators. Where permission is granted by the county food administrator, it must be in writing and in no case must exceed more than one-eighth barrel of flour which is 25 pounds. No consumer will be permitted by any county food administrator to certify twice under any circumstances.

With respect to sales by millers or wholesalers to retailers a direct purchase at the same time of wheat flour substitutes is not required, but the licensee may sell wheat flour without the stipulated quantity of

Stronger Men Take the Lead

They Have Nerves of Iron and Real Red Fighting Blood

Vital forces is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, fall run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets." PITMAN & WILSON and leading Druggists everywhere. Rushville, Ind.—(Adv.)

FORMER RUSHVILLE MAN WRITES A BOOK

Finly B. Pugh of Los Angeles is Author of "Emeth," Which Deals With Life as it is Today

WRITES FRIENDS HERE OF IT

Finly B. Pugh, formerly of this city and now of Los Angeles, Cal., has written a book, "Emeth," which is expected to be a big seller. Mr. Pugh has written some of his old friends here urging them to read the work and write him their opinion of it.

Mr. Pugh was formerly in the drug business here. He was a partner of the late Robert Cox. Mr. Pugh left here about 25 years ago, according to people here who remember him, and went to Indianapolis where he was employed for several years by the Parry Manufacturing company. Ten years ago he moved to Los Angeles, where he is now in the investments business.

"Emeth" is fiction, a modern story of a young man who, after a few years of battling with conditions as he found them, conscientiously adjusts his own affairs and just as studiously avoids the regulation of other peoples' actions and business. He became known as a reformer, but his subsequent career demonstrates his unselfishness and sincerity of purpose. The climax is a love story of a clean type. The book is published by the Roxburgh Publishing company of Boston, publishers of high class fiction.

RED CROSS CHAPTERS MAY LEASE WAR FILMS

Department Opened by Publicity Agencies For Distribution of War Pictures

TO INCREASE THEIR FUNDS

A department of pictures has been opened by the Bureau of Publicity Lake Division, American Red Cross Cleveland, for the distribution of government official war pictures which are to be released exclusively through the Red Cross. D. F. Goldman, a volunteer worker, is in charge of this new department.

Red Cross chapters, branches and auxiliaries are given the first opportunity to lease the films at a low rental in order that these organizations may have a means of increasing their working funds.

"Humanity's Appeal," a visualization of Red Cross work among the repatriates at Avien, and "Field Service on the Western Front" are the first pictures to be released.

substitutes if he satisfied himself that the buyer has purchased the necessary amount of substitutes. When a retailer does not have the required amount of substitutes in stock and the wholesaler is given an order for substitutes and flour, the substitutes must be shipped with the flour, or the retailer must secure the substitutes before the flour is shipped. Back ordering of substitutes by wholesalers is expressly forbidden. There shall be no exception to the rules and hospitals, city, county and state institutions are forced to buy pound for pound just as other consumers.

Licensed bakers which includes hotels, restaurants and other institutions holding bakers' licenses, may purchase for baking purpose, only in the ratio of four pounds of wheat flour with one pound of substitutes. Restaurants, lunch rooms, etc., which do not have a bakers' license must purchase on the fifty-fifty basis. If the dealer has no substitutes, his stock must lie idle until he can procure the same.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, trustee under the will of the estate of Henry Dixon, late of said county, deceased. Said estate is supposed to be solvent. CHARLES A. MAUZY, March 7, 1918. Attest: Geo. B. Moore, Jr., Clerk Rush Circuit Court. B. F. Miller, Attorney. Mar8-15-22

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance. (Adv.)

The Third Liberty Loan

During our Civil War \$3,000,000,000 was raised through Government bond sales, and in the same ratio of Liberty Bonds to our present national wealth, we could, if necessary, in this war raise \$74,000,000,000.

In answering the call of the Third Liberty Loan, let us bear in mind that funds so raised are spent almost wholly within the boundaries of the United States; that not only are our dollars patriotically employed, but given the world's best security.

These Institutions cordially invite you to use our facilities, in subscribing to the Third issue of the Liberty Loan.

EASTER MORN TIME TO MOVE UP CLOCK

Continued From Page 1
country at that hour, but it is not daylight everywhere during the winter at 6 o'clock. It may be, however, that such trades can adjust their hours so that the year around the daylight saving plan can be put into operation without inconvenience or loss of efficiency.

For the purpose of establishing the standard time under the new enactment, it is provided that the continental United States be divided into five zones. The time in the first zone will be based on the mean astronomical time of the seventy-five degree of longitude from Greenwich, that of the second zone, on the ninety-degree; that of the third zone, on the 150th degree; that of the fourth zone, on the 150th degree. The exact limits of each zone will be fixed by the commission, having due regard for the convenience of commerce and for railroad junction points.

The second section of the law provides that the movement of all trains shall be fixed on the basis of these zones, and of the new time fixed by the congress. All official acts are to be so timed as well, and this includes the hour at which the performance of government service begins or ends.

The third section of the law merely provides for the hour of the day and the day of the month when the change is to take place and when it is to be changed back again to the present basis. It is provided in the fourth section that the time in the first zone is to be known as United States standard eastern; that in the second, as standard control time; that in the third, as standard mountain time; that in the fourth as standard Pacific time, and that in the fifth as standard Alaska time.

+++++
Days Pickings
+++++

Albert Norris of southeast of the city is suffering with blood poisoning in his hand, due to an infection.

Harford and Hall have filed suit in the circuit court against Dagler Brothers on an account, demanding \$100.

Mrs. Belle Hobbs of Dunreith, who is related and well known in this county, is recovering from the effects of a stroke of paralysis suffered recently.

The case of King and Moffett against Glazer Brothers for \$175 has been sent here from Fayette county on change of venue for trial in the Rush circuit court.

W. A. Posey, former county commissioner and clerk of the court, is in a critical condition at his home west of the city with some intestinal trouble. He underwent two operations at Cincinnati a few months ago, and was thought to have recovered, but now his condition is again very serious.

The Food Administration Says:

The small daily service in food substitution asked by the Food Administration can be done by all; the saving in waste by the majority, and the lessening of food consumed by many. This individual daily service in 20,000,000 kitchens and on 20,000,000 tables multiplied by 100,000,000, which is the sum of all of us, will make that total quantity which is the solution of the problem.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

A Perpetual War of Gorms

In every human body there is continual strife between the forces of health and disease, while headaches, nervousness and frequent colds mean weakness and forerun sickness.

In changing seasons your system needs the oil-food in **SCOTT'S EMULSION**

to increase the red corpuscles of the blood and create that resistive power which thwarts colds, tonsillitis, throat troubles and rheumatism.

Scott's is high-powered medicinal-food without drugs or alcohol. One bottle now may prevent a sickness.

The imported Norwegian cod liver oil used in Scott's Emulsion is now refined in our own American laboratories which guarantees it free from impurities.

Scott & Bowne, Bloomfield, N. J. 17-45

ADMINISTRATOR'S SALE OF REAL ESTATE

Notice is hereby given that the undersigned, administrator of the estate of Aenith Drennen, by virtue of an order of the Rush Circuit Court, will at

One-Thirty (1:30) P. M. on SATURDAY, MARCH 23rd, 1918

at the law office of A. L. Gary, in Rushville, Indiana, and from day to day thereafter until sold, offer at private sale the following described real estate in Rush County, Indiana, formerly owned by Aenith Drennen, to-wit:

Beginning eighty-six rods south of the northwest corner of the west half of the northwest quarter of Section twenty-five (25) Township fourteen (14) north, Range eight (8) east; thence running east eighty (80) rods to the east line of said half quarter section; thence south on said east line thirty (30) rods; thence west eighty (80) rods to the west line of said half quarter section; thence north thirty (30) rods to the place of beginning, containing fifteen (15) acres, more or less, and located in Rush County, Indiana.

TERMS—One-half of the purchase price to be paid in cash on date of sale; the remaining one-half to be paid nine months after date of sale to be evidenced by note of purchaser drawing interest at the rate of 6% per annum, secured by mortgage on the real estate sold, with privilege to purchaser of paying all of said purchase price in cash.

ELI B. COLLINS, Administrator.

Are YOU a Slacker?

The world is economizing—Your duty is to save.

Full wardrobes have been maintained at small outlay by having clothes renewed.

Last year's garments have been renovated for most exclusive men, women and children, so

WHY NOT YOURS? WHY BE A SLACKER?

Why not bring a garment in for our estimate and save? Clothes for Easter should be brought in this week.

The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Self-draining which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator.

The Anker-Holth has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

The Anker - Holth is a High-grade Separator at a Medium Price.

Call and See the Separator and Get Our Prices.

Butlerville, Indiana, R. R. 1

THE BULL-DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands.

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim THIS ONE PATENTED FEATURE to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that CANNOT BE CLOGGED by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

It does the work that TWO beater wheels would do if it were possible for two wheels to operate on the SAME SHAFT and in the SAME SPACE, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it TAKES CARE of the material as it comes from the box, tears it into pieces and distributes it with uniformity and WITHOUT PACKING OR CLOGGING.

The whole secret is the peculiar makeup of the diamond pointed LONG and SHORT teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

PLACES BAN ON CLUB BANQUETS

Food Administration Appeals to Fraternal Societies Asking Discontinuance of Food Waste

SAP VITALITY OF FORCES

Hotels and Restaurants Placarded With Patriotic Notices as Members of Food Administration

Indianapolis, Ind., March 22.—Reports from county food administrators indicate that lodges and clubs in the state whose membership are individually making an effort to conform to the food regulations are indulging in banquets and between-meal refreshments. To check this waste a special bulletin has been issued addressed to the fraternal societies of the state, informing them of the very serious aspect of the food situation and appealing to them to discontinue this wasteful practice. The appeal is similar to that sent to grade schools, high schools, colleges, woman's clubs and societies and others, who have been urged to consider the regular three meals a day as sufficient.

"By indulging in banquets and between-meal refreshments, we sap the vitality from our own forces. Care in eating is now a manifestation of patriotism and it will help win the war," says the bulletin.

County food administrators have been informed that the newspaper report of the new meatless day regulation asking only for a meatless Tuesday each week is to be accepted as official. On account of the critical nature of the situation in Washington, it was found inadvisable to follow the usual custom of distributing such announcements through the state administrators, but the official order will follow in regular manner soon.

Hotels and restaurants are being placarded with appropriate patriotic notices that they are a part of the federal food administration and endeavoring to observe all regulations in connection therewith.

Further proof of the advantages of the cash and carry system adopted by Indiana grocers is reported by

Headaches Are All Gone Now

Indianapolis Woman Tells How Tanlac Built up Run Down System

Like lots of other women Mrs. Philip Johnson, 613 North Senate street, Indianapolis, used to have headaches and felt bad. But, Mrs. Johnson says she feels as well as she ever did in her life since she took Tanlac and got her system back in shape.

"My stomach was out of order," Mrs. Johnson said. "Sometimes my appetite was so poor that I didn't want to eat anything at all and the little I did eat caused gas to form in my stomach."

"I was nervous too, and all run down and I had headaches a great deal of the time."

"I tried lots of medicine and some of them helped me while I was taking them but as quick as I stopped taking them I got to feeling bad again."

"I heard so much about Tanlac that finally I decided to give it a trial."

"Tanlac surely has helped me. I began to improve while I was taking the first bottle and after taking the second bottle I felt as well as I ever did in my life."

"My stomach is back in good shape now and I never have trouble after eating like I used to. The headaches are all gone, too, and my health in general is much better."

Tonic time is here. Thousands of men and women take Tanlac each spring to get their systems back in shape after the winter's hardships. Do you feel tired and draggy? If you do, take Tanlac and prepare to enjoy the summer. You can get Tanlac at F. E. WOLCOTT and leading druggist everywhere. Rushville, Ind.

Try Tanlac Rheumatism Treatment for rheumatism. It is the radium treatment that you are hearing so much about. You can get it at any good drug store where you get Tanlac, the famous tonic.—(Adv.)

INDIANA SUFFRAGE HEADS WILL MEET

Will Take Definite Steps For State Ratification of the Federal Amendment

WILL MAKE LAST BIG EFFORT

Indianapolis, Ind., March 22.—Suffragists in Indiana, foreseeing the end of the campaign for state-wide enfranchisement of women, are preparing to make their last big effort. Definite steps for state ratification of the Federal Amendment, which they hoped will have passed the Senate by that time, will be taken at the annual convention of the Woman's Franchise League of Indiana at the Claypool Hotel in Indianapolis, April 16th, 17th and 18th.

The Legislative Committee meets in Indianapolis next Monday to perfect plans to be presented to the annual Convention for work in connection with the spring primaries. The 2nd and 5th Districts, in convention March 14th and 15th, passed resolutions copies of which were sent to the County Chairmen of both political parties, to the State Senators and Representatives from the counties, and to each candidate for the spring primaries, asking their support in ratifying the amendment. All county conventions are sending their county candidates similar resolutions, showing the feeling in their communities.

GOVERNMENT FIXES PRICES FOR TWINE

Indiana Farmers Must Pay Four Cents More on the Pound This Year Than Last

STANDARD TWINE PRICES

Indianapolis, Ind., March 21.—Indiana farmers will pay approximately 4 cents a pound more for binder twine this summer than last summer. The prices which will be paid by dealers for standard and sisal twine this year have been set by the United States Food administration at not more than 4 cents a pound above the price of sisal fiber, which is 19 cents a pound, when sold in carload lots of 20,000 lbs. or more. An additional increase of 1/4 cent is allowed for lots of 10,000 pounds and 1/2 cent for smaller lots.

Prices for other grades of twine should not exceed the prices of standard and sisal twine by more than the following amounts:

550—ft. to the lb.	1 1/2c increase
600—ft. to the lb.	3c increase
650—ft. to the lb.	4 1/2c increase
650—ft. to the lb. (pure Manila)	6c increase.

A. Bogue of the Indiana Grocers' Association. Mr. Bogue has reported to Dr. Harry E. Barnard, federal food administrator for Indiana, the case of a Peru grocer, who announces an increase in business of more than \$600 for February from the same month last year. His delivery cost covering the same period was cut more than 50 per cent, eliminating the services of one truck and a delivery man, which had cost him \$26 a week. Another grocer claims to have saved seven-tenths of his former delivery cost.

MYRIADS OF AEROPLANES

Will be Finished by U. S. by August, Officials Say

Washington, Mar. 22.—The United States by the fast of August will have completed more than double the number of battle planes now in use by Germany England and France the aviation officials declare.

While contending that the aeroplane program is two months behind the schedule, the officials suggested that a vast work had been done.

BRITISH ARE HOLDING HUN EVERYWHERE

Enemy Has Not Reached Single Objective, According to One of Its Captured Maps.

A TANK COUNTER ATTACK

Hindenburg's First Thrust is Apparently Checked With a Few Small Gains.

SITUATION QUIETING DOWN

At Least 19 Enemy Divisions, Probably 285,000 Men, Have Been Identified in Drive.

(By United Press.)

With the British armies in France—March 22.—British troops are holding the Germans everywhere and driving them back in places, the latest reports indicate.

The enemy has not reached a single one of its objectives, according to a captured map.

British counter attacks with tanks at 7 last night threw the Germans out of Doungies, which the British still occupied this morning.

New British artillery operated in the open under the dearest German fire.

As this is called Hindenburg's first thrust, apparently is checked with small gains.

The situation has quieted down, at least for the moment.

At least 19 divisions, probably 285,000 men, have been identified. The weather, foggy throughout yesterday, was the same today, handicapping airmen.

May Mean War on Bulgaria.

Washington, March 22.—Berlin reports today that Bulgars are now fighting on the west front, aroused immediate speculation as to the probability of the United States declaring war against Bulgaria.

Government authorities said a decision would await further facts, as to the extent of Bulgaria's participation and whether they are facing mostly British or also Americans.

If the Bulgars participate in the west drive to such an extent as to insure their operation against Americans, a declaration of war is inevitable.

Penetrate Second Line

With the American Army in France, March 22.—American troops at dawn Thursday went over the top in a wooded sector for a second time within 24 hours.

They entered the German second line trenches. They were accompanied by French units. They found no troops and returned to their line within 25 minutes, after cleaning out the German trenches.

The Americans who participated have withstood the hardest artillery bombardment of any American troops on the west front.

Volunteers were called for and even cooks and teamsters had to be allowed to go.

They swept forward behind a barrage, passing the first line of German trenches which were shattered.

A heavy counter barrage (German) including gas, followed the raiders return. Their machine guns whipped the American line. A counter attack was planned, but it was stopped by our artillery and machine gun fire.

British Meet Advancing Wave

With the British Armies in France, March 22.—British troops with their customary courage met the German advancing wave at the start of the big German drive.

Hand to hand fighting was the order of the day.

MORE CLOTHING NEEDED

County Must Give More Warm Garment to War Sufferers.

Many more worn garments are needed by the Rush county chapter of Red Cross before the amount expected from the local chapter can be sent in. The clothes of all kinds are being received at the recorder's office in the court house and any one not having a way to take them there may call the office and a Boy Scout will call for them. Practical garments that may be worn and yet are in sufficiently good condition to merit their being sent across are being asked for. Boy Scouts will meet at the recorder's office at 9 a. m. tomorrow.

CITY MAY OBJECT TO PARKING PLAN

Doubtful Whether Council Would Consent to Commissioners Scheme to Take Care of Machines

PARK AROUND COURT HOUSE

Plan to Build Incline at Curb Revealed When County Council Appropriates \$200

The plan of the county commissioners to arrange for parking of automobiles on the sidewalk around the court house, which was revealed late yesterday afternoon when the county council appropriated \$200 to do the work, may meet with some objections as there is some doubt about the city council consenting to the scheme.

The plan is said to have originated with the commissioners and the county surveyor, Frank Cuff, who propose to build an incline starting two feet from the base of the curb, to the top of the curb, so that machines could be parked at right angles, with the wheels of a machine of average length resting at the foot of the incline. It is also proposed to mark a white line on the sidewalk six feet from the court house yard grass line, beyond which no machine could stick its nose.

City authorities were consulted this morning and it was stated that the plan would probably meet with opposition from the council, although this is not definitely known, since the council has never considered the matter. It was pointed out that the county has no jurisdiction beyond the sidewalk curb line and that to build the kind of an incline the commissioners propose, would amount to placing a permanent obstruction in the street.

One city authority declared that the state law would not permit any permanent obstruction to be built in the street, and that it was doubtful whether it would be legal even if the city council were to give the permission. This same authority was not certain whether it would be permissible to build board inclines so machines could be driven in to the sidewalk for parking. If this were done, water could flow in the gutters underneath the board inclines.

The commissioners scheme is not to allow parking in front of the north and west entrances of the court house and at the four corners. Six thousand dollars was also appropriated by the council for the primary registration and election in addition to other appropriations made at yesterday's session. Including the \$125 appropriated for war histories to be sent to the Rush county soldiers and the \$9,200 for four bridges, the total amount appropriated at the meeting was \$15,525.

A son has been born to the Rev. and Mrs. D. M. Thomas of Knightstown. The baby has been named Samuel W. Mrs. D. P. Ray who resides south of Ellettsville, is seriously ill.

NEXT INCREMENT

LEAVES MARCH 30

Quota of Eleven Selectives Will Depart at 7:10 A. M. Over Pennsylvania as Before

TROOP MOVEMENT MARCH 29

Union and Fayette County Registrants to be Transferred Here—Special Going Through

Rush county's next increment of selectives will leave Rushville for Camp Taylor, Ky., Saturday morning, March 30, at 7:10 over the Pennsylvania, in all probability, although the army selection board had no official notice yet this afternoon to that effect.

An Indianapolis newspaper last night, giving the time and place of departure of the March 29 quota, gave this time for the Rush county increment. It is presumed that this is correct. Rush county will send eleven men, all of whom have been instructed to hold themselves in readiness for the movement between March 29 and April 3.

It also developed today that there will be an extensive troop movement to Camp Taylor through here Friday, March 29, similar to those last fall when troops were sent to Camp Taylor for training. The word was received by local railroad agents.

There will be a special train carrying 196 registrants arriving here over the L. E. & W. at 3:30 p. m. a week from Friday and leaving at 3:35. It will carry men from Auburn, Fort Wayne and all points between here and those two cities. The train will be transferred to the Big Four here and at Greensburg more men arriving from Covington, Ind., and points west of Indianapolis on the P. E. division will board the train, making a total of 241 who will be aboard when the train, making a total of 241 who will be aboard when the train leaves Greensburg.

The same plan will be followed this time as before when Liberty

Continued on Page 2.

NEW ARGUMENT IN PROHIBITION SUIT

Several Points of Law Raised in Suit Brought by 800 Lake County Saloon Men

RECORD COMPILED MONDAY

(By United Press.)

Indianapolis, Ind., March 22.—A new point of law which will have an important bearing on the settlement of the constitutionality of the Indiana prohibition law will be raised in a suit which 800 Lake county saloon keepers will file in a Lake superior court Monday.

This statement was made today by W. J. McAlleer, Hammond, Indiana attorney here. McAlleer refused to reveal what this point of law was.

The records will be completed in the Lake court Monday and the case brought before the supreme court here Tuesday. An intervening petition in the Evansville case contesting the constitutionality of the law will be filed, he stated, asking that the two suits be consolidated and argued April 2.

While here, McAlleer conferred with Attorney General Stansbury.

RAISE PAY POSTAL WORKERS

(By United Press.)

Washington, March 22.—The house this afternoon voted for a permanent increase in the salaries of all postal employees ranging from 5 to 25 percent.

Mrs. Fred Knott and Mrs. Alford Collier of Ellettsville were business visitors in this city today.

ORGANIZES CLUB

AT WEBB SCHOOL

Farmers, Appealed to by Judge Sparks to Do Their Part in Defeating Autocracy

JOHN O. HILL PRESIDENT

Seventeen Families Are Charter Members—Purdue Speakers Will Appear on Program

The organization of a farmers club in the Webb neighborhood was completed, a constitution drawn up and by laws adopted at a meeting which was held in the new school building there last night. Seventeen families were present at the initial meeting and became the charter members of the organization.

Judge Will M. Sparks attended the meeting and in an interesting address on "Why We are in the War," pictured vividly the hardships which the rule of autocracy has brought to the world and pleaded with the farmers to do their share in assisting the victory of democracy by producing food for the men who are fighting our battles in foreign lands.

John O. Hill was named president of the organization, which will meet every week. The meetings are expected to be of special interest during the next two months when the crops are being started and during that time, Marion Dietrich who assisted in the organization of the club, is planning to engage several expert crop men, sent out by Purdue university, to address the meetings.

Each family becoming members of the club pays a membership fee of 50 cents which will be used to assist in defraying the current expenses. That the farmers in that vicinity of the county have succeeded in supplying themselves with the necessary amount of seed corn was made certain when the report on the seed corn conditions as they exist there showed that every farmer had purchased all of the corn he needed for this year's crop.

POSEY TOWNSHIP IS ALL SET FOR DRIVES

Heads for War Activities Have Been Appointed by Township Committee There

ALL OTHERS ARE FORMING

Posey township is ready for the coming war drives. The township war organization of that township met recently, and chose Jacob T. Downey to head any Liberty Loan work in the township; Mrs. Ruth Eaton to head any women's Liberty Loan work; Elmer Hutchinson to lead in the Y. M. C. A. war fund drives; and Robert Offutt to work at the head of the Red Cross war fund drive. Members of the township committee are Jacob F. Downey, Elmer Hutchinson and Mrs. Fred Elmer. The Rev. J. L. Brown was chosen as a member of the Home Service Red Cross committee which is to have a member in each township in the county.

Rapley township has completed the organization and other committees are meeting to make their appointments in order that the county war work machine may be in readiness for the coming drive.

COMMANDS CASUAL TROOPS

Lt. Donald Stackhouse of Indianapolis, who is well known in this city, has been named commanding officer of the Casual troops stationed at the Springfield Armory at Springfield, Mass. Lt. Stackhouse has been in the east since February when he was sent to the armory to take a training course.

FILES SUIT AGAINST FATHER

Irvin Cross Demands Accounting And Appointment of Receiver

Irvin Cross has filed suit in circuit court against his father, William Cross, for an accounting and the appointment of a receiver. The plaintiff alleges that he and his father formed a partnership in August, 1914 to drill and clean wells and invested money in an outfit, which is now worth about \$900. He charges that receipts from their work have amounted to \$1,537.75 and that his father has kept all the money with the exception of \$60. The son alleges he did most of the work. Chauncey Duncan is attorney for the plaintiff.

TROOPS SCRAMBLE FOR BOOKS TO READ

Rush County Offered Opportunity This Week to Send Reading Material "Over There"

SOLDIER SENDS AN APPEAL

Under Mental Strain Before or After Battle Men Crave Something to Divert Minds

Do the men in the service actually want the books that are being asked for this week all over the country? The question is easily answered in the following letter appearing in a recent issue of the Publisher's Weekly in which one soldier tells of what one book meant to one camp.

Rush county citizens are given this week an opportunity to remedy this condition when the soldiers are hungering for reading material. Boy Scouts are canvassing the city to collect books for soldiers and in case the books should not be ready at that time or the boys should not find a person home the books may be taken to the public library or a call left there (the phone number is 1996) and someone will call for the books.

Of course, the Sammies will welcome most any kind of a book but since the library commission is collecting them and going to the expense of shipping them, the suggestion has been made that persons give the books which boys are most interested in—books of adventure and worth while editions which will be worth their reading.

The letter referred to follows: "May I add a word to help clear up any clouds of doubt that may be in the minds of any book-men as to whether the boys in the trenches need books? They do. I've been here with the American Field Ambulance Service."

There is no greater mental strain that a man can be compelled to endure than to sit, unable to exert the body, in constant danger of violent death or horrible injury. Donald Hankey makes this theme very clear in the second series of his "Student in Arms."

For several weeks no reading matter could be located in the section to which I was attached. Once in a while, some body would bring in a scrap of a French magazine and we were so famished for reading matter that we actually imagined we enjoyed our perspiring efforts to translate the stories therein contained.

Finally, one of the boys received a copy of O. Henry's "Options" in a package from home and an hour of insane jubilation ensued. The book was seized by indelicate hands and torn into segments, each part representing a story. The pages of each story were pinned together. The son of the original owner of the volume was selected to serve as Section Librarian. Those stories which the boys had been waiting for were actually read to them. When "The Head Hunt" came to the seventh chapter, almost every one on the

EASTER MORN TIME

TO MOVE UP CLOCK

Hands Should be Set Forward an Hour as Provided in Daylight Saving Law.

WILL BE IN FORCE 7 MONTHS

Purpose is to Provide Another Hour of Daylight After the Day's Work is Done.

The new daylight saving law, which goes into effect Sunday, March 31, at 2 a. m., means that every person should move forward the hands of their clock an hour. It does not mean, however, that every person must of necessity arise at two o'clock Easter morning and move the clock up an hour. This operation may be performed before leaving the Saturday night before Easter or Easter morning on arising.

The new time schedule will be in effect for seven months and at 2 a. m. Thursday, October 31, all clocks will be moved back an hour, when the hour lost the last day of this month will be made up. The law was passed by congress and will be in full force and effect all over the United States.

The daylight saving law is a war measure. It is intended to arrange business hours so that the public will have another daylight hour in the evening for gardening or other work of this character.

Nothing could be more simple than the carrying out of this idea, although it was shown by the debates in the house and senate that much misunderstanding existed as to what the government expects. When bedtime comes the night of March 30 owners of clocks and watches will simply move the hands forward one hour. If this operation takes place at 11 in the evening the clock should be set at 12. And, of course, this means that the whole family must arise in the morning by the new time, losing thereby one hour's sleep unless this is made up by resting an hour ahead of the usual bedtime or getting up an hour later.

All business of whatever character, on the morning of March 31, will begin on the new time basis. It will begin at the same hour as before, so far as the reading of the clock is concerned, but actually it will begin one hour earlier so far as the sunrise and daylight are concerned. And that is the whole purpose of the legislation. It is designed to wake the country up an hour earlier each day, in order to give the American people the opportunity to live a little longer in the daylight. The gain in this direction, of course, is at the end of the day, and not at the beginning.

Assuming that average closing of the country's business at present is 5:30 in the afternoon, and that the average sunset during the spring and summer is 6 o'clock. The new schedule of things will give everybody an additional hour of sunshine each day. Business will close actually at 4:30 in the afternoon as far as the sun is concerned; and instead of a half-hour margin of sunshine the American people will be able to enjoy an average margin of an hour and a half, after leaving their shops and offices.

For the time being the daylight saving scheme is to remain in effect for only seven months each year. At 2 o'clock in the morning of the last Sunday in October, the hands of the clock are to be moved back one hour.

There is only one objection to extending the plan to the winter season. This objection lies in the fact that it would compel a great many working people to get up before dawn and go to work in the morning. Many of the printing actually were ordered to move back the clock at 2 o'clock. At present it is broad daylight almost everywhere on the

MIRIAM COMPTON IS BURNED TO DEATH

Five-Year-Old Neice of Mr. and Mrs.
David Compton of This City
Loses Life in Fire

HER MOTHER SERIOUSLY HURT

Miriam Compton, the little five-year-old neice of Mr. and Mrs. David Compton of this city, was burnt to death and her mother, Mrs. Harry Compton, in a critical condition as the result of burns received yesterday when their home near Edinburg, in Johnson county was swept by flames.

Aside from the fact that Harry Compton was not at home when the fire occurred and that the other members of the family, three boys and a girl were in school, none of the particulars was learned by David Compton who went to Edinburg last night.

Mr. and Mrs. Harry Compton and family had just moved into their new home a short time ago, their former home having been destroyed by fire a year ago. Mrs. D. C. Compton and daughter Lavina Compton went to Edinburg this morning.

NEXT INCREMENT LEAVES MARCH 30

Continued From Page 1
and Connersville registrants were transferred here, only that they will travel on regular trains. Twenty-nine Union and Fayette county selectives will arrive over the C. I. & W. at 10:51 a. m. March 29, and go on to Camp Taylor on the regular Big Four train due here at 12:15 p. m. This train will carry also men from Elkhart, Goshen and other points north on the Big Four. Arrangements have been made for the Liberty and Connersville selectives to eat dinner here at the Cory cafe. This train will carry 216 men out of Greensburg.

The local board today called attention to the fact that no farmers will be taken on the April 3 call, which is contrary to the announcement yesterday. The statement received by the board yesterday announcing the quota for that call made no mention of excluding farmers and it was presumed they would not be, but the board had been instructed previously that the same rule regarding farmers would apply as in the call of March 29.

DEATH TOLL ON MANLEY 16

Washington, Mar. 22.—The death toll on the United States destroyer Manley was raised to a total of 16 this afternoon when 12 additional deaths were reported to the navy department.

Choose your new Easter Coat or Suit now while stocks are at their best

The call of Easter is the call for new clothes. Where is the woman who doesn't heed this call in the Spring-time?

The assortment of new Spring coats and suits are at their best in this store right now. This is the height of the season and if you would choose your Spring outfit from complete lines, assuring yourself of the best choice, come in today.

You will see the newest fashion touches — the clever pockets, smart belts, new collars, clever trimming.

You will see the new fabrics—tricotine, velour de laine, gabardine, silvertone, etc.

You will see the new colors—Sammy, trench, poilu, buftan, hague, clay, olive sage, infantry, Yankee, mist gray, zouave, armée, etc.

We know you will be pleased with the indisputable goodness of the garments, and you will be even better pleased with the moderate prices.

Food From Your Back Yard

No. 3

ORDER HOME GARDEN SEED EARLY
HOW TO FIND AMOUNTS NEEDED

BE A "HOME GUARDENER"
The home gardens of America are the home guards in food production.
The "home guardener" of this year—our second in the war—is forewarned and thus forearmed.
The "home guardener" before he arms himself with his hoe, must fortify him self with knowledge.
Every peck of vegetables produced for home use this year from ground that never before grew food will mean a certain quantity of meat or wheat released for use behind our battle lines.
Join the "home guardeners."

Get the seed for your home garden early. This is an important step in the home gardener's effort to supply fresh vegetables for his table and for canning and to help relieve the of food.

Seed should be ordered well in advance of the time for planting in the open, so that it will be ready for planting in flats or frames and also for use outdoors as soon as the weather and the condition of the soil make it possible. Before ordering seed the home gardener should decide what vegetables he wants to raise and also should look over his garden plot or plan and decide the best location for each vegetable, determining how much seed will be required for the space available for each variety. A well-laid garden plan, the preparation of which was described in an earlier article in this series, will be a great aid in determining the amount and varieties of seed that will be needed.

needs, everyone should cooperate to make what is used produce a maximum crop.

Following are the approximate quantities of seed that should be purchased for a garden which is to supply vegetables for successive plantings throughout the season for a family of four.

Beans, snap	1 to 2 quarts
Beans, pole, Lima	1 pint
Beans, bush, Lima	1 pint
Beans, bush, Lima	1 pint
Cabbage (early)	1 ounce
Cabbage (late)	1 ounce
Carrot	1 ounce
Cauliflower	1 packet
Celery	1 packet
Corn, sweet	1 to 2 pints
Cucumber	1 ounce
Egg Plant	1 packet
Kale or Swiss Chard	2 ounces
Lettuce	1 ounce
Muskmelon	1 ounce
Onion sets	4 to 6 quarts
Parsley	1 packet
Peas, garden	2 to 4 quarts
Radish	1 ounce
Spinach	1 lb. in spring and 1 lb. in fall
Squash (summer)	1 ounce
Squash (Hubbard)	1 ounce
Tomatoes, early	1 packet
Tomatoes, late	1 ounce
Turnips	2 to 3 ounces
Watermelon	2 ounces

If a gardener should desire to plant all of the vegetables mentioned it is calculated by garden specialists of the U. S. Department of Agriculture that enough space could be found for them in one-fourth of an acre. However, it is advised that the gardener, unless he has had one of more years' experience, center his work on as few as 6 of the more

Amusements

At the Gem

Convinced that at last they have destroyed Lost Mine and slain its owners, a band of desperate outlaws employed by an agent of the Central Powers, swoops down on the little mining town, loots the bank and stores and starts to burn the place before fleeing to safety across the Mexican line. This is the situation presented in the episode of the "Fighting Trail" at the Gem theatre this evening. Tomorrow's program includes Bessie Eyton in "Between Man and Beast," the life and death lure of Africa's wilds; "Our Boys," a two act comedy and "Tough Luck."

Rushville Evidence For Rushville People

The Statements of Rushville Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof. Public statements of Rushville people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Rushville man's statement.

And it's for Rushville people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

Samuel A. Brown, 206 Pearl St., says: "I had a severe attack of backache and it became worse every day. Finally, the trouble was so bad I could hardly raise my foot about the ground. When I stooped, I thought my back would break. I used Doan's Kidney Pills and was surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

COMBINATION SALE

At the old Levi Crull barn (known as the Gwinn barn) corner of First and Perkins streets.

RUSHVILLE, INDIANA

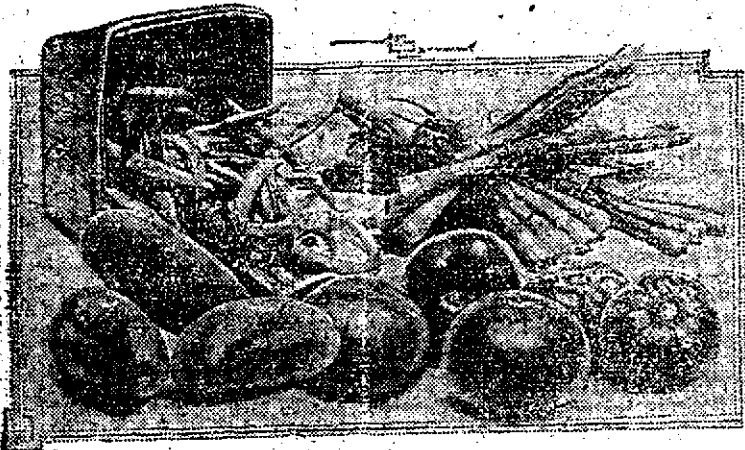

Thursday, March 28, 1918

Commencing at 1:00 P. M.

Anyone having horses, cattle, hogs or sheep to sell, bring them in, or farming implements of any kind or oats and corn, or in fact anything for we sell them on a commission basis. We have a lot of good buyers from all over the country.

LEVI CRULL, Prop.

R. R. Patterson, Auctioneer.

When You Choose Your Seed, Think of What It Will Bring. Have in Your Mind a Picture of the Product.

Garden Space Valuable

Just what vegetables are to be grown depends, of course, upon the individual tastes of the family. In general, the aim of the home gardener should be to raise vegetables in which freshness, is an important quality. Peas, string beans, Lima beans, asparagus, and sweet corn, for example, lose much if they are not cooked almost immediately after they are picked. In the case of potatoes, corn, cucumbers, squashes, and melons, it should be remembered that these vegetables occupy a large area in proportion to their yield and in a small garden consume valuable space which, in most cases, could be used more profitably. In the case of potatoes, however, it also should be noted that they are easily stored and are an extremely good staple crop, and many gardeners will find it to an advantage to plant as much ground to potatoes as possible after sufficient space has been allotted to the other garden crops.

Find Amount of Seed Needed

Aim to make every seed count. Remember the supply of some of the more important varieties of garden seed is limited, and in order that all may obtain enough to meet their

important vegetables. For most of the vegetables listed in the plantings may consist of the entire quantities mentioned. Relatively small quantities of cauliflower, eggplant, and parsley should be sufficient for most families. The entire supply of string beans, bush Lima beans, sweet corn, lettuce, peas, and radishes should not be planted at one time, but successive plantings two or three weeks apart should be made so that a fresh supply of vegetables may be had throughout the season.

Of early Irish potatoes 1 peck to 2 bushel will be required, and of late potatoes 1 to 1 bushel or more, depending upon the amount of ground available for this purpose. If abundant space is available it may be well to grow enough Irish potatoes to last throughout the winter.

Seed for Canning Vegetables

If the family wishes to raise vegetables to supply current needs and also to furnish a surplus for canning, the amounts given above should be considerably increased.

With a little forethought a comparatively small tract of land may be made to supply the average family with fresh vegetables throughout the growing season.

time the only thing I could be sure of was the title. But I didn't need to re-read it. I could have told that tale almost by rote.

Just to show you what we thought of books, Henderson's Paris store was the second place we visited on our first leave from the front—the first was a restaurant.

Donors of books if they wish may

write their name in the front of the book and name of any army camp to which they prefer their book might be sent.

RAY MARTIN IN FRANCE

Ray Martin, son of Mr. and Mrs. Henry Martin of Anderson township who enlisted several months ago in the mechanical department of the aviation, has arrived safely in France, according to a communication received by his parents.

Society

The home of Mr. and Mrs. Oliver Hudson near Raleigh was the scene of a very pleasant party Wednesday evening when Mrs. Hudson planned a surprise for Mr. Hudson. Following the card games, the guests were entertained with music and dancing. Light refreshments were served to the guests who were Mr. and Mrs. George Sweet, Mr. and Mrs. Charles Miller, Mr. and Mrs. Jake Myer, Mr. and Mrs. Oscar Gordon, Mr. and Mrs. Elza Lemons and daughter, Mr. and Mrs. Joe Schocke and daughter, Mr. and Mrs. Charles Mohler and daughter, Mrs. Fanny Higley and son, Mrs. Ida Ray and son, Mrs. Zada Clark and son, the Misses Flossie and Zula Jackson, Guy and Hassel Sweet, Miss Hazel Mohler and Charles Shedd.

Seventeen members of the Immaculate Sodality of St. Mary's Catholic church held their regular meeting last night at the home of Miss Mary Moorman in West First street when the preparations for the Easter bazaar were continued. The next meeting will be held in two weeks at the home of Miss Mary Ellen Carroll in West First street, the meeting next week being postponed because of the Holy Week services which will be held at the church.

The members of the Thursday Afternoon Bridge Club enjoyed a pleasant meeting yesterday afternoon at the home of Mrs. Roy E. Harrold in North Perkins street when guests for two tables were entertained. Aside from the club members the guests were Mrs. Will Carter and Miss Mayne Hiner.

The next meeting will be held Thursday afternoon, April 4 with Mrs. Walter Hubbard at her home in West Second street.

Miss Hannah Morris entertained the members of Psi Iota Xi at her home in East Fifth street last evening. Following the short business session during which several matters of importance were brought up, the members spent the remainder of the evening in knitting. The hostess served a delicious "penny lunch," the proceeds from which will go to Red Cross. The next meeting will be with Miss Helen Scudder.

A pleasant afternoon was spent yesterday by the members of the Grand Club when Mrs. Frank Wilton entertained at her home in North Main street. Following the games of Bridge, the guests were served with a dainty luncheon at the dining table which was prettily centered with daisies. The next meeting of the club will be in two weeks.

The members of the Lotus club were pleasantly entertained at the country home of Mr. and Mrs. Virgil McBride Wednesday afternoon. A Riley program was given during the afternoon which was enjoyed by a host of members and guests. A paper on table etiquette was read by the hostess after which a discussion followed.

Flag Is Put In Quilt For "Over There"

Ladies of Methodist Church Complete Knitted Quilt Containing 102 Blocks to be Sent by Red Cross to Base Hospital—Many Knitters Aided in Making It.

Centered with a beautiful knitted American flag, the knitted quilt made up of squares of many colors has been completed by the ladies of the St. Paul's M. E. church and is now being exhibited in the window of the Wyatt furniture store on the bed of a suit of furniture made by the Rushville Furniture company. The quilt is to be given to Red Cross and sent overseas to be used on the bed of a soldier in the convalescent wards of the base hospitals. As one woman stated, "Who knows but that some of our Rush county boys may use this quilt and see the name of his home town embroidered on it?"

Made up of blocks six inches square and of every color in the rainbow, the quilt is twelve blocks long and nine blocks wide. Directly in the center an American flag, as large as six of the blocks, is placed and the 8,356 stitches that are in the flag bring out perfectly each star and each stripe. It was knitted by Mrs. N. W. Baker of Shelbyville and presented to the ladies by Mrs. John Horst of the same place. At each corner of the flag as if protecting it, is a square bearing in its center of white a red cross. Above the flag is a square on which is embroidered St. Paul's M. E. church and below is one bearing, "Rushville, Indiana."

The one hundred and two blocks in the quilt were knitted by the ladies of the church. Each block was edged with a border of black crocheted and the quilt has bordered with a black and red edge by Mrs. Lon Havens and Mrs. Minnie Abercrombie.

A number of the blocks for the quilt came in late and all could not be used. They have been handed over to the girls of the high school who are making a similar quilt.

JUDGE CLAIMS ERROR IN JURY INDICTMENT

Anderson Charges That Evidence of Government Did Not Agree With Charge Made

ON TERRE-HAUTE LAWYERS

Indianapolis, Ind., March 22.—Severely criticizing L. Ert Slack, United States district attorney, Judge Anderson in federal court today instructed the jury trying Charles Bolt and Charles Whitlock, Terre Haute attorneys, on charges of perjury, to bring in a verdict of not guilty.

The judge made his ruling, he said, because of an error in the grand jury indictment, which made the situation such that the evidence of the government did not agree with the charge.

At one time the judge grew wrathful and accused the attorneys of threatening him when Slack stated that he would take acceptance of the judge's ruling and appeal the case to the supreme court of the United States.

the advanced position where they obtained a temporary foothold.

Take Trenches, Berlin Says, Berlin, via London, March 22.—German troops stormed broad sectors from a point south of Arras southward to LaFere and "everywhere captured first line trenches," the war office announced.

Received Quietly in Berlin

Berlin, March 22.—News that the big battles had begun on the west front was received quietly here. Austrian Minister Steiner who is in Berlin, agreed that the Austrians will hold the east front.

Fighting On Italian Front, Rome, March 22.—Fighting has increased on the whole Italian front, the war office reported today.

Lotus Garter underwent an operation yesterday when the bad skin on her legs was removed.

A Style Show

is here every day in the week. This store will have no formal opening, but its preparations to attire you becomingly are thorough and complete.

An Assemblage of Garments That Reflects the Prestige and Resources of this House

awaits you. A visit to the New York market has been productive of an infusion of new style ideas and novel conceits that elevate our offerings above the mediocre. Do you not owe it to yourself to familiarize yourself with this showing? Foremost among Springtime's offerings are the tailored suits that are youthful, smart and distinctive. Then there are hundreds of attractive coats for afternoon, street, machine or dress wear. The dresses of tulle, georgette, crepe de chene and foulards are exquisite, and no doubt you will wish one. Among the skirts are those fashioned of the new baronet satin—beautifully lustrous. Enchanting are the new blouses, bewitching in their gay or subdued colors, and adapted to any use. Our new spring sweaters are receiving a great deal of attention, for they are extremely pretty. Combining the new shades of lobster, turquoise, corn, infantry, rose and Nile with angora collars, they are most appealing.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your back hurts or bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to wake twice or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

TELL YOUR WIFE CORNS LIFT OFF

Doesn't hurt a bit to lift corns or calluses off with fingers

Not a twinge of pain or soreness before applying, or afterwards. This may sound like a dream to corn-pestered men and women who have been cutting, filing and wearing torturous plasters. Yes! Corns lift off and calluses peel off as if by magic, says this Cincinnati authority.

A quarter ounce of freemans costs but a few cents at any drug store. Apply a few drops directly upon your tender corn or callus, and instantly the soreness disappears, then shortly the corn or callus will be so loose that it lifts off. Freemans dries instantly. It doesn't eat out the corn or callus, but just shrivels it up, so it lifts away without irritating the surrounding skin. Women should keep it on the dresser and use it on the corns or callus spots.

CONSUMERS MAY BUY MORE FLOUR

Twenty-five Pounds Sold in City and Fifty Pounds to Rural Residents

GOES INTO EFFECT AT ONCE

Must Buy Same Amount of Substitutes, Including Whole Wheat and Graham Flours

Twenty-five pounds of flour may now be sold to consumers in cities and 50 pounds to country people since the new ruling has been made and that limiting the sale of flour to one pound per capita has been cancelled. The purchase of the same amount of substitutes at the same time the flour is purchased, however, is still required. Moreover, the purchaser from a retailer is not entitled to any credit for wheat flour substitutes bought elsewhere at any other time. The new rulings have been received here by Deputy Food administrator Charles A. Frazee and go into effect immediately.

Whole wheat and graham flours are subject to the same rules as other wheat flours except that in selling whole wheat or graham flour containing at least 95 per cent of the entire wheat, six-tenths of a pound of substitutes must be sold. Canned corn and canned hominy are not substitutes.

The wheat flour substitutes, considered as substitutes by the food administration are: barley meal, barley flour, buckwheat flour, corn grits, corn meal, corn flour, edible corn starch, federa flour and meals, hominy, hominy grits, oat meal, oat flour, potato flour, rice, rice flour, rolled oats, sweet potato flour, soya bean flour and tapioca flour.

No further certification of wheat flour substitutes in the hands of consumers may be permitted except in special cases which must be passed upon individually by the county food administrators. Where permission is granted by the county food administrator, it must be in writing and in no case must exceed more than one-eighth barrel of flour which is 25 pounds. No consumer will be permitted by any county food administrator to certify twice under any circumstances.

With respect to sales by millers or wholesalers to retailers a direct purchase at the same time of wheat flour substitutes is not required, but the licensee may sell wheat flour without the stipulated quantity of

Stronger Men Take the Lead

They Have Nerves of Iron and Real Red Fighting Blood

Vital forces is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says: "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron from a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says: "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."
Special Notice.—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. PHARMACIA & WILSON, leading druggists everywhere. Rushville, Ind. (437)

FORMER RUSHVILLE MAN WRITES A BOOK

Finly B. Pugh of Los Angeles is Author of "Emeth," Which Deals With Life as it is Today

WRITES FRIENDS HERE OF IT

Finly B. Pugh, formerly of this city and now of Los Angeles, Cal., has written a book, "Emeth," which is expected to be a big seller. Mr. Pugh has written some of his old friends here urging them to read the work and write him their opinion of it. Mr. Pugh was formerly in the drug business here. He was a partner of the late Robert Cox. Mr. Pugh left here about 25 years ago, according to people here who remember him, and went to Indianapolis where he was employed for several years by the Parry Manufacturing company. Ten years ago he moved to Los Angeles, where he is now in the investments business.

"Emeth" is fiction, a modern story of a young man who, after a few years of battling with conditions as he found them, conscientiously adjusts his own affairs and just as studiously avoids the regulation of other peoples actions and business. He became known as a reformer, but his subsequent career demonstrates his unselfishness and sincerity of purpose. The climax is a love story of a clean type. The book is published by the Roxburgh Publishing company of Boston, publishers of high class fiction.

RED CROSS CHAPTERS MAY LEASE WAR FILMS

Department Opened by Publicity Agencies For Distribution of War Pictures

TO INCREASE THEIR FUNDS

A department of pictures has been opened by the Bureau of Publicity Lake Division, American Red Cross Cleveland, for the distribution of government official war pictures which are to be released exclusively through the Red Cross. D. F. Goldman, a volunteer worker, is in charge of this new department.

Red Cross chapters, branches and auxiliaries are given the first opportunity to lease the films at a low rental in order that these organizations may have a means of increasing their working funds.

"Humanity's Appeal," a visualization of Red Cross work among the repatriates at Avien, and "Field Service on the Western Front" are the first pictures to be released.

substitutes if he satisfied himself that the buyer has purchased the necessary amount of substitutes. (When a retailer does not have the required amount of substitutes in stock and the wholesaler is given an order for substitutes and flour, the substitutes must be shipped with the flour, or the retailer must secure the substitutes before the flour is shipped. Back orderings of substitutes by wholesalers is expressly forbidden. There shall be no exception to the rules and hospitals, city, county and state institutions are forced to buy pound for pound just as other consumers.

Licensed bakers which include hotels, restaurants and other institutions holding bakers' licenses, may purchase for baking purposes only in the ratio of four pounds of wheat flour with one pound of substitutes. Restaurants, lunch rooms, etc. which do not have a bakers license must purchase on the fifty-fifty basis. If the dealer has no substitutes, his stock must lie idle until he can procure the same.

Notice of Administration

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, trustee under the will of the estate of Henry Dixon, late of said county, deceased. Said estate is supposed to be solvent.

CHARLES A. MAUZY,
March 7, 1918.
Attorney: Geo. B. Moore, Jr., Clerk of Rush Circuit Court.
B. E. Miller, Attorney.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money, unless Allenru decisively conquers this worst of all diseases, and he has instructed pharmacists to guarantee it in every instance. (Adv.)

CHIROPRACTIC

The ONLY science ever discovered for eradication of disease by going directly to the cause.

If your case is chronic and have tried everything else without satisfactory results, why not investigate

Chiropractic the science of common-sense applied to the human machine—not medicine, not surgery, not osteopathy.

The Third Liberty Loan

During our Civil War \$3,000,000,000 was raised through Government bond sales, and in the same ratio of Liberty Bonds to our present national wealth, we could, if necessary, in this war raise \$74,000,000,000.

In answering the call of the Third Liberty Loan, let us bear in mind that funds so raised are spent almost wholly within the boundaries of the United States; that not only are our dollars patriotically employed, but given the world's best security.

These Institutions cordially invite you to use our facilities, in subscribing to the Third issue of the Liberty Loan.

EASTER HOUR TIME TO MOVE UP CLOCK

Continued from Page 1
country at that hour, but it is not daylight everywhere during the winter at 6 o'clock. It may be, however, that such trades can adjust their hours so that the year around the daylight saving plan can be put into operation without inconvenience or loss of efficiency.

For the purpose of establishing the standard time under the new enactment, it is provided that the continental United States be divided into five zones. The time in the first zone will be based on the mean astronomical time of the seventy-five degree of longitude from Greenwich, that of the second zone, on the ninety-degree; that of the third zone, on the 150th degree; that of the fourth zone, on the 150th degree. The exact limits of each zone will be fixed by the commission, having due regard for the convenience of commerce and for railroad junction points.

The second section of the law provides that the movement of all trains shall be fixed on the basis of these zones, and of the new time fixed by the congress. All official acts are to be so timed as well, and this includes the hour at which the performance of government service begins or ends.

The third section of the law merely provides for the hour of the day and the day of the month when the change is to take place and when it is to be changed back again to the present basis. It is provided in the fourth section that the time in the first zone is to be known as United States standard eastern; that in the second, as standard central time; that in the third, as standard mountain time; that in the fourth as standard Pacific time, and that in the fifth as standard Alaska time.

Days Pickings

Albert Norris of southeast of the city is suffering with blood poisoning in his hand, due to an infection. Hartford and Hall have filed suit in the circuit court against Dagler Brothers on an account, demanding \$160.

Mrs. Belle Hobbs of Dunreith, who is related and well known in this county, is recovering from the effects of a stroke of paralysis suffered recently.

The case of King and Moffett against Glazer Brothers for \$175 has been sent here from Fayette county on change of venue for trial in the Rush circuit court.

W. A. Posey, former county commissioner and clerk of the court, is in a critical condition at his home west of the city with some intestinal trouble. He underwent two operations at Cincinnati a few months ago, and was thought to have recovered, but now his condition is again very serious.

The Food Administration Says:

The small daily service in food substitution asked by the Food Administration can be done by all; the saving in waste by the majority; and the lessening of food consumed by many. This individual daily service in 20,000,000 kitchens and on 20,000,000 tables multiplied by 100,000,000, which is the sum of all of us, will make that total quantity which is the solution of the problem.

K. OF P. WORK

There will be Knights of Pythias work in the rank of Page in the amplified form on one candidate Monday evening. A large attendance is desired. All of the members of the team are requested to meet in the hall tonight.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lay down, or feel nervous, or are out of energy, troubled with indigestion, or you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

The Anker-Holth Cream Separator

is the only Separator on the market that has a SELF BALANCING BOWL and has no lead or soft solder on the inside in order to perfect a BALANCE, which you will find in other makes of Separators. The bowl is guaranteed to stay in balance the life of the machine. The Bowl is Self-draining, which makes it non-freezing in cold weather. It is easy to turn and easy to clean, and can be washed in one-half the time you can wash any other Separator.

The Anker-Holth has no oil holes or feed cups. It is oiled by an up-to-date oil system; you only put oil in every 60 or 90 days. The ANKER-HOLTH will skim closer than any other Separator on the market today, which has been proven by tests with other leading Separators and tested by the Babcock cream tester. It is the only Separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

The Anker-Holth is a High-grade Separator at a Medium Price.

Call and See the Separator and Get Our Prices.

THE BULL-DOG BEATER WHEEL

This bull-dog wheel is all that its name implies. It is one of the foundations on which the Litchfield Spreader Line fairly stands.

This beater wheel is entirely unlike the ones used on all other machines in the world. The manufacturers claim THIS ONE PATENTED FEATURE to be worth more to any spreader than all the best features combined, which are controlled by all other competing machines.

This is the only beater wheel used on manure spreaders that CANNOT BE CLOGGED by any kind of material that is ordinarily used in a spreader. The principle is unique and different from everything else. It operates on the plan of one set of teeth working ahead of another set. What one set of teeth fail to get the other set takes good care of. Come in and see it and we will explain all the details.

It does the work that TWO beater wheels would do if it were possible for two wheels to operate on the SAME SHAFT and in the SAME SPACE, one working an inch and a half deeper in the load all the time, than the other. Owing to its peculiar construction, it TAKES CARE of the material as it comes from the box, tears it into pieces and distributes it with uniformity and WITHOUT PACKING OR CLOGGING.

The whole secret is the peculiar makeup of the diamond pointed LONG and SHORT teeth which are so arranged that no material gets by them and drags on the bars that hold the teeth. This beater wheel is light running, flexible and all steel. Our owners tell us that the power it requires to do its work is almost negligible.

PLACES BAN ON CLUB BANQUETS

Food Administration Appeals to Fraternal Societies Asking Discontinuance of Food Waste

SAP VITALITY OF FORCES

Hotels and Restaurants Placarded With Patriotic Notices as Members of Food Administration

Indianapolis, Ind., March 22.—Reports from county food administrators indicate that lodges and clubs in the state whose membership are individually making an effort to conform to the food regulations are indulging in banquets and between-meal refreshments. To check this waste, a special bulletin has been issued addressed to the fraternal societies of the state, informing them of the very serious aspect of the food situation and appealing to them to discontinue this wasteful practice. The appeal is similar to that sent to grade schools, high schools, colleges, women's clubs and societies and others, who have been urged to consider the regular three meals a day as sufficient.

"By indulging in banquets and between-meal refreshments, we sap the vitality from our own forces. Care in eating is now a manifestation of patriotism and it will help win the war," says the bulletin.

County food administrators have been informed that the newspaper report of the new meatless day regulation asking only for a meatless Tuesday each week is to be accepted as official. On account of the critical nature of the situation in Washington, it was found inadvisable to follow the usual custom of distributing such announcements through the state administrators, but the official order will follow in regular manner soon.

Hotels and restaurants are being placarded with appropriate patriotic notices that they are a part of the federal food administration and endeavoring to observe all regulations in connection therewith.

Further proof of the advantages of the cash and carry system adopted by Indiana grocers is reported by

Headaches Are All Gone Now

Indianapolis Woman Tells How Tanlac Built Up Run Down System

Like lots of other women Mrs. Philip Johnson, 618 North Senate street, Indianapolis, used to have headaches and feel bad. But Mrs. Johnson says she feels as well as she ever did in her life since she took Tanlac and got her system back in shape.

"My stomach was out of order," Mrs. Johnson said. "Sometimes my appetite was so poor that I didn't want to eat anything at all and the little I did eat caused gas to form in my stomach."

"I was nervous, too, and all run down and I had headaches a great deal of the time."

"I tried lots of medicine and some of them helped me while I was taking them but as quick as I stopped taking them I got to feeling bad again."

"I heard so much about Tanlac that finally I decided to give it a trial."

"Tanlac surely has helped me. I began to improve while I was taking the first bottle and after taking the second bottle I felt as well as I ever did in my life."

"My stomach is back in good shape now and I never have trouble after eating like I used to. The headaches are all gone, too, and my health in general is much better."

"Tonic time is here. Thousands of men and women take Tanlac each spring to get their systems back in shape after the winter's hardships. Do you feel tired and draggy? If you do, take Tanlac and prepare to enjoy the summer. You can't get Tanlac at Dr. W. W. Wolkott's and leading druggists everywhere. Rushville, Ind."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

"Try Tanlac. It's the best tonic for the system. It's the best tonic for the system. It's the best tonic for the system."

INDIANA SUFFRAGE HEADS WILL MEET

Will Take Definite Steps For State Ratification of the Federal Amendment

WILL MAKE LAST BIG EFFORT

Indianapolis, Ind., March 22.—Suffragists in Indiana, forseeing the end of the campaign for state-wide enfranchisement of women, are preparing to make their last big effort. Definite steps for state ratification of the Federal Amendment, which they hoped will have passed the Senate by that time, will be taken at the annual convention of the Woman's Franchise League of Indiana at the Claypool Hotel in Indianapolis, April 16th, 17th and 18th. The Legislative Committee meets in Indianapolis next Monday to perfect plans to be presented to the annual Convention for work in connection with the spring primaries. The 2nd and 5th Districts, in convention March 14th and 15th, passed resolutions copies of which were sent to the County Chairmen of both political parties, to the State Senators and Representatives from the counties, and to each candidate for the spring primaries, asking their support in ratifying the amendment. All county conventions are sending their county candidates similar resolutions, showing the feeling in their communities.

GOVERNMENT FIXES PRICES FOR TWINE

Indiana Farmers Must Pay Four Cents More on the Pound This Year Than Last

STANDARD TWINE PRICES

Indianapolis, Ind., March 21.—Indiana farmers will pay approximately 4 cents a pound more for binder twine this summer than last summer. The prices which will be paid by dealers for standard and sisal twine this year have been set by the United States Food administration at not more than 4 cents a pound above the price of sisal fiber, which is 19 cents a pound, when sold in carload lots of 20,000 lbs. or more. An additional increase of 1/2 cent is allowed for lots of 10,000 pounds and 1 cent for smaller lots. Prices for other grades of twine should not exceed the prices of standard and sisal twine by more than the following amounts:

550—lb. to the lb.	1 1/2c increase
600—lb. to the lb.	3c increase
650—lb. to the lb.	4 1/2c increase
650—lb. to the lb. (pure Manila)	6c increase

A. Bogue of the Indiana Grocers' Association. Mr. Bogue has reported to Dr. Harry E. Barnard, federal food administrator for Indiana, the case of a Peru grocer, who announces an increase in business of more than \$600 for February from the same month last year. His delivery cost covering the same period was cut more than 50 per cent, eliminating the services of one truck and a delivery man, which had cost him \$36 a week. Another grocer claims to have saved seven-tenths of his former delivery cost.

MYRIADS OF AEROPLANES

Will be Finished by U. S. by August, Officials Say

Washington, Mar. 22.—The United States by the last of August will have completed more than double the number of battle planes now in use by Germany, England and France, the aviation officials declare.

While contending that the aeroplane program is two months behind the schedule, the officials suggested that a vast work had been done.
